Inova Health System Foundation Philanthropy Report 2010

What does philanthropy truly mean? Although some say it is about giving, in reality philanthropy is about something much more special: joy. Not an organization's joy at being supported by the community it serves, although that is significant, but the joy individuals feel when they give to a cause they believe in. This year, tens of thousands of individuals, families, and business people in the region have experienced that joy by giving to Inova Health System.

What does it mean to give to Inova? For some, it means saying "thank you" for a wonderful healthcare experience. For others, it's the opportunity to further a mission of healing and hope. And for still others, it is a way to ensure that their contributions benefit the community in which they live and work. We are humbled by the generosity of the Washington Metro area community. In 2010, donors made more than \$19 million in gift commitments (including long-term pledges), and more than \$7 million was put to good use for programs and services throughout Inova.

Inova's mission is to provide extraordinary healthcare in Northern Virginia. As a not-for-profit health system, Inova depends on philanthropic support to maintain the exceptional quality and expand the wide range of services we offer. For example, the Inova Foundation is helping secure support for the Inova Center for Advanced Medical Simulation, which will give medical students, interns, residents, physicians, and nurses an opportunity to enhance their skills in a controlled environment with simulated real-life emergencies and diseases. We are also moving forward with raising funds for expansion at Inova Mount Vernon Hospital and Inova Loudoun Hospital. Each of the more than 35,000 gifts donated this year had a real and measurable impact on healthcare in the region.

Continually striving for excellence is one way we show that we take the community's trust very seriously. To give a few examples, the Inova Breast Care Institute has received national accreditation across all five hospital locations. Inova Fairfax Hospital, Inova Alexandria Hospital, Inova Mount Vernon Hospital, and Inova Loudoun Hospital are all certified as primary stroke centers. And Inova Fairfax Hospital received its fourth consecutive recertification as a Magnet hospital for nursing.

Beyond the excellent healthcare we provide, Inova also gives back to the community that supports us. In 2010, we provided nearly 250 million dollars in community benefit from free or low-cost healthcare for low-income

patients to free health education, wellness, and screening programs. Through our annual Inova Employee Giving Campaign, our employees supported programs that make Inova a highly valued regional asset.

The donors you will meet in this year's report are special friends of Inova. They are people like you who made the decision to give in support of something that matters to them. You'll read about Bob and Paula Hisaoka, who are continuing Bob's sister's unfinished work by supporting Life with Cancer®. You will also learn about longtime donors like Bernard and Anne-Marie Dunn and Fred and Cathy Sachs, who have made Inova a philanthropic priority in their lives for more than 20 years. And when groups of dedicated professionals come together in the spirit of philanthropy – as the Inova Fair Oaks Hospital Medical Staff has done – the results can be truly wonderful.

Thank you to all of our donors and to our community. It is a joy to serve you.

Sincerely,

A handwritten signature in black ink, appearing to read "John M. Fay", with a long horizontal flourish extending to the right.

John M. Fay

Vice President, Inova Health System Foundation

Every Gift Tells a Story

Each year, the Inova Health System Foundation receives generous gifts from caring individuals, corporations, organizations and grateful patients. 2010 was no exception, and we invite you to read the stories behind some of the year's most significant and meaningful donations.

Learn about the physicians of the Inova Fair Oaks Hospital Medical Staff who have made a collective commitment to invest in their hospital's mission and the future well-being of their patients. Or the Alexandria couple who – for more than three decades – have tirelessly donated their time, talents and money to support Inova programs and services. Read how one local family has turned tragedy into triumph with an annual gala that raised hundreds of thousands of dollars this year for Life with Cancer® patients. And find out more about a compassionate widow's efforts to honor her husband's memory by improving the comfort of tall patients in the hospital.

The details of each story may be different, but the underlying theme is the same: a commitment to support and nurture exceptional healthcare in our community.

Giving to Fulfill a Sister's Dream

Bob and Paula Hisaoka

Joan Hisaoka had always been a source of inspiration for her brother Bob and his wife, Paula. A warm and dynamic woman, Joan owned a public relations company in DC and was active in promoting the area's restaurants and hospitality industry. During Joan's two-year battle with cancer, she traveled across the country attending seminars and retreats on various approaches to cancer treatment. When she was given a clean bill of health in February, 2008, she wanted to devote her time to helping people who were living with cancer, passing on what she had learned.

But Joan's time was cut short: her cancer returned, and she passed away in May of the same year. To honor her memory, and to bring her dream of helping people living with cancer to fruition, Bob and Paula Hisaoka launched the Joan Hisaoka Gala Assisting Those Living With Cancer. "Through her travels and research, Joan had amassed a great deal of knowledge about how to live with cancer," Bob said. "Since we did not have her knowledge, we decided to carry on her work by supporting organizations that are doing what Joan wanted to do."

In 2010, Bob and Paula designated Life with Cancer® as the primary beneficiary of the Joan Hisaoka Gala. "It means so much to me that we can help to continue Joan's unfinished work by supporting organizations that bring hope and healing to people dealing with cancer," Paula said. The Hisaokas' gift supports Life with Cancer's mission to help people and families affected by cancer have the best quality of life possible. "Bob and Paula are a joy to work with," said Gordon Hay, Director of Life with Cancer. "They work as a team, committed to the mission of helping people living with cancer, and their level of support allows us to maintain our services free of charge."

They chose Life with Cancer because it offers a wide range of services for children, teens, and adults, from art therapy and exercise to counseling, classes, and support. They were also impressed that Life with Cancer is a community-based program that provides all of its services free of charge to patients and family members, regardless of where they live or where they are receiving treatment. "The philanthropic commitment to Life with Cancer through the Joan Hisaoka Gala ensures that Joan's legacy of helping people live with cancer will continue to positively impact the lives of those touched by cancer in this region," said Joanne Royalty, Director of Leadership Giving at Life with Cancer.

The gala celebrates Joan's connection to the hospitality industry by working with top restaurant chef Eric Ziebold of CityZen. Chef Ziebold designs the event's four-course menu with wine pairings and closes his kitchen for the night in order to bring his entire staff to prepare and serve the evening's meal. Gala guests enjoy an evening of dancing and entertainment including a silent auction and live auction to support the cause. This year, the primary beneficiary will again be Life with Cancer. The black tie event will be held at the Mandarin Oriental Hotel on October 22, 2011.

A Thoughtful Gift of Comfort Continues Legacy of Support

Anne-Marie and Bernard Dunn

The year 2012 will mark the centennial of Inova Loudoun Hospital. Celebrations will honor the history of the nationally recognized, acute-care community hospital. For over twenty-five years, the institution's growth has been enhanced by the generosity of one remarkable couple, Dr. and Mrs. Bernard J. Dunn.

Married 56 years, Bernie and Anne-Marie enjoyed a rich and fulfilling life with their four children and seven grandchildren. A physicist, Bernie co-founded BDM International, a successful defense and technology contracting firm. In 1983, the couple relocated to Middleburg, VA. Soon they were introduced by a friend to what was then Loudoun Hospital Center and readily became involved. Through the years, the couple faithfully shared their time and resources and hosted many philanthropic events. Gifts totaling over \$2 million helped underwrite the Loudoun Healthcare Foundation — renamed the Inova Loudoun Hospital Foundation in 2010. In recognition of their legacy, the hospital's post-surgical unit is named in their honor. Anne-Marie says, "It has been rewarding to see how the hospital has grown and the many improvements that have been made in patient care. Randy Kelley, CEO, Inova Loudoun Hospital, is doing a fantastic job working to make this one of the foremost hospitals in the United States."

Jane Hannah, Inova Loudoun Hospital Foundation Trustee, volunteered alongside the couple for many years. She said, "Bernie and Anne-Marie Dunn have been the stalwarts of Inova Loudoun Hospital. They have contributed with financial support, with dignity, with grace, and with dedication and personal discipline to the success of the hospital. We salute them."

In 2009, Bernie fractured his neck as a result of a fall and was admitted to Inova Fairfax Hospital. A tall man, he struggled to find a suitable position in a traditional ICU bed. Sadly, Bernie passed away just weeks after his accident. In his honor, Anne-Marie donated \$50,000 to purchase two seven-foot Stryker® InTouch critical care beds. Inova Loudoun Hospital and Inova Fairfax Hospital each received one of the state-of-the-art beds. Anne-Marie said, "It bothered me that Bernie could not get comfortable. Tall patients suffer enough trauma without being uncomfortable in a bed that is too short. I thought I could help the next tall man or woman."

Joy Lucas, MSN, RN, CCRN, Patient Care Director, Inova Loudoun Hospital, said, "Anne-Marie's generosity has made a significant difference for our tall and large patients. One gentleman actually stayed in a chair for several days. When we were able to move him into the longer bed, he slept very comfortably." An added benefit, the beds are equipped with pre-recorded clinical phrases in 24 languages, enabling clinicians to more easily communicate with non-English speaking patients.

Looking ahead, Anne-Marie has agreed to serve as the Honorary Chair of the Inova Loudoun Hospital Centennial. She said, "I think it is natural that people would be interested in their local hospital and would expect the very best from it. Having access to a premier healthcare facility is a tremendous draw to any community."

Investing in a Vibrant Future

(Left to right): Inova Fair Oaks Hospital Medical Staff President Robert Ahmed, MD; Vice President Pradeep Nayak, MD; President-elect Sarita Gopal, MD; and Secretary-Treasurer Jay C. Tyroler, MD.

At Inova Fair Oaks Hospital (IFOH), physicians are so committed to the hospital's mission they are making a significant financial contribution to advance it. The 1,100 members of the IFOH Medical Staff are working as a group with the Inova Health System Foundation to find investment opportunities where their gifts will make the biggest impact.

“We’ve given to the hospital for many years in a variety of ways,” says Robert Ahmed, MD, IFOH Medical Staff President. “But now we are focused on strategic philanthropy – increasing physician engagement and partnering with the Foundation to support key areas that will significantly advance the hospital’s mission and future.”

In 2010, the Medical Staff made its largest gift to date: a five-year pledge to the hospital’s areas of greatest need, including nursing education. This gift continues the Medical Staff’s tradition of supporting nurses at IFOH, which began more than seven years ago with a major pledge to increase continuing education and professional development opportunities.

“We work with our nurses in a strong, collaborative fashion, and we want to show our appreciation in a tangible way,” Dr. Ahmed explains. “If we can say thanks by giving them more resources to enhance their learning and enhance their practice, we want to take advantage of that.”

The Medical Staff’s initial investment in nursing education was instrumental in helping the hospital achieve Magnet designation from the American Nurses Credentialing Center in 2009. Magnet recognition is the gold standard for nursing excellence and quality patient care; only a handful of hospitals earn this distinction annually.

“We are fortunate to have a Medical Staff that supports nursing in so many ways,” says Marie Dennis, RN, MSN, NEA-BC, CENP, Chief Nurse Executive, IFOH. “Not only do our physicians partner with our nurses to provide the highest level of care to our patients every day, but their philanthropic gifts help us offer nurses a level of education and professional development that might not be possible otherwise. We value their collaboration and greatly appreciate their generosity.”

For the IFOH Medical Staff, this is just the beginning of a strategic philanthropic partnership that will continue to grow in the years ahead. “Right now, we are laying the groundwork,” says Dr. Ahmed. “As we move forward, we will be looking for ways to significantly increase our philanthropic investment and give our physicians an even greater sense of ownership and involvement. We hope this demonstrates how dedicated we are to our community and our patients, how much we love our hospital, and how committed we are to ensuring a vibrant future for IFOH.”

No Better Dollar Given

Cathy and Fred Sachs

A commitment to excellence, community health, and the well-being of nurses drives Fred and Cathy Sachs' long-time allegiance to Inova Health System. Not only have they been generous monetary donors over the years, they have also given graciously of their time and talents to support Inova's programs and services.

Fred's involvement dates back to the 1980s, when he was chairing the Alexandria Red Cross Waterfront Festival. "One person agreed to become a sponsor of the festival if I'd agree to join the Alexandria Hospital governing board, so I did," he recalls. "At the time, the hospital was a stand-alone facility. When it merged with Inova in 1997, I became part of the system too." Fred, who is CEO of Precision Doors & Hardware, LLC, has since served on the Inova Health System Board of Trustees, and chaired the Inova Healthcare Services Board and the Inova Health System Foundation Board. Currently, he is a member of the Inova Alexandria Hospital Foundation Board.

Cathy's involvement began as a patient and grew from there. "Both Fred and I were on the receiving end of some excellent nursing care in Inova hospitals," she says. "We realized that the nurse is the most vital link in the delivery of high quality care, and the nurse-patient relationship is crucial to the overall quality of the hospital experience."

When Cathy learned about Inova's Human Caring Initiative to give nurses more time in their day to strengthen their connection with patient and peers, she was hooked. In 2006, she and Fred established the Human Caring Fund to implement the initiative in all of Inova's hospitals. Their generous gift has helped create an environment where nurses thrive and patients receive high quality, holistic care. Each nursing unit has a Caritas centering lounge where nurses can relax and restore their focus and spirit through meditation, journaling and other peaceful activities.

"The Human Caring Initiative really puts the heart back into nursing by focusing on nurses' well-being and helping them feel like nurses again: human beings who care for patients," she says. "It is wonderful that Inova is embracing this and we are glad to lend our support."

In October, Fred and Cathy will chair the Inova Gala 2011 – Celebration of Excellence – at the Ritz-Carlton Hotel in Tysons Corner. This year's theme spotlights caring and commitment. "It's a privilege to chair the Gala because we are so passionate about Inova's mission of excellence," says Cathy. "We want people in the community to come out and celebrate that excellence with us!"

For Fred, the opportunity to give back to the community in a meaningful way is the greatest gift of all. "We have been very fortunate and feel grateful we can do something important in return," he says. "Inova is a world-class healthcare system with excellent staff and volunteers – everywhere you look you find good people doing good things. And there's no better dollar given than one given to improve the health of the community."

Inova Health System Honor Roll of Donors

Every gift is welcome and every donor is special. Each gift – no matter how big or small – helps support critical healthcare resources that otherwise might not be possible.

Whether it was in memory of a loved one, to say “thanks” for excellent care, or simply to sustain vital healthcare programs and services in the community, we are grateful to all those who made a generous gift to Inova Health System in 2010.

Many donors contribute anonymously and through various other campaigns — we extend our appreciation to them as well.

Gifts of \$1,000 to \$1,000,000+ are listed here. For the names of those who made gifts of \$100 - \$999, please visit www.inova.org/foundation.

Please note: Numbers in parentheses (-) at end of name indicate consecutive years of giving. Gift-in-Kind donations are listed separately.

Thank you again for your generous donation to the Inova Health System Foundation.

We make every effort to ensure the accuracy of donor names in this publication. If we have made an error in spelling, listing or omitting your name, please contact the Inova Health System Foundation at 703-289-2072, or e-mail us at foundation@inova.org.

2010 Philanthropy Statistics

Inova received gifts of all kinds — annual gifts of cash and stock, as well as special and planned gifts and bequests.

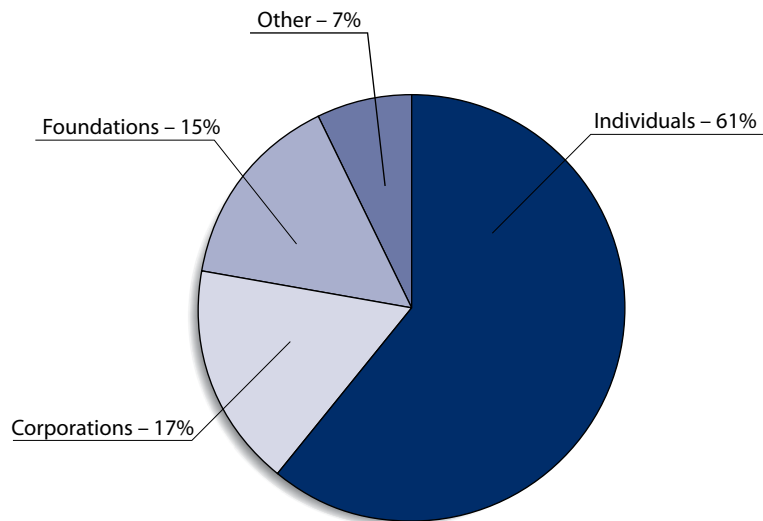

Total commitments - \$19,794,667

Total # of gifts – 35,438

The Inova Employee Community Giving Campaign raised \$625,058 to benefit Inova funds and local United Way community organizations.

Planned Giving and Estate Gifts of \$870,000 were designated to various Inova facilities and programs.

Sources of Foundation Donations:

Every Gift Makes an Impact

Philanthropy has a significant impact throughout Inova and the community we serve. Despite ongoing financial challenges, we continued to move forward in 2010 to meet our region's growing healthcare needs. Whether it was the generosity of the Inova family in the annual Employee Giving Campaign, the creation of a state-of-the-art simulation lab where clinicians can hone their skills, or the expansion and upgrade of our world-class facilities to ensure lifesaving care for all, Inova is leading the way with innovation and vision.

Inova's Center for Advanced Medical Simulation

Extraordinary Care with a Human Touch

Dr. Craig Cheifetz (center) conducting a patient simulation with our Inova Campus medical students.

High quality, cutting-edge healthcare requires experienced, highly skilled caregivers. Inova's Center for Advanced Medical Simulation (ICAMS) will offer a state-of-the-art training environment where health professionals can cultivate and enhance their clinical and communication skills.

ICAMS is a unique learning facility that combines virtual reality, patient simulators and computer technology to teach therapeutic and diagnostic procedures, and provide practical surgical and emergency room training.

Medical students, residents, physicians and nurses will:

- Improve and refine their surgical skills
- Enhance their decision-making skills
- Gain experience recognizing and solving problems
- Practice rare emergency events in a realistic environment
- Learn and master new techniques and procedures
- Improve collaboration and communication with colleagues
- Improve communication with patients

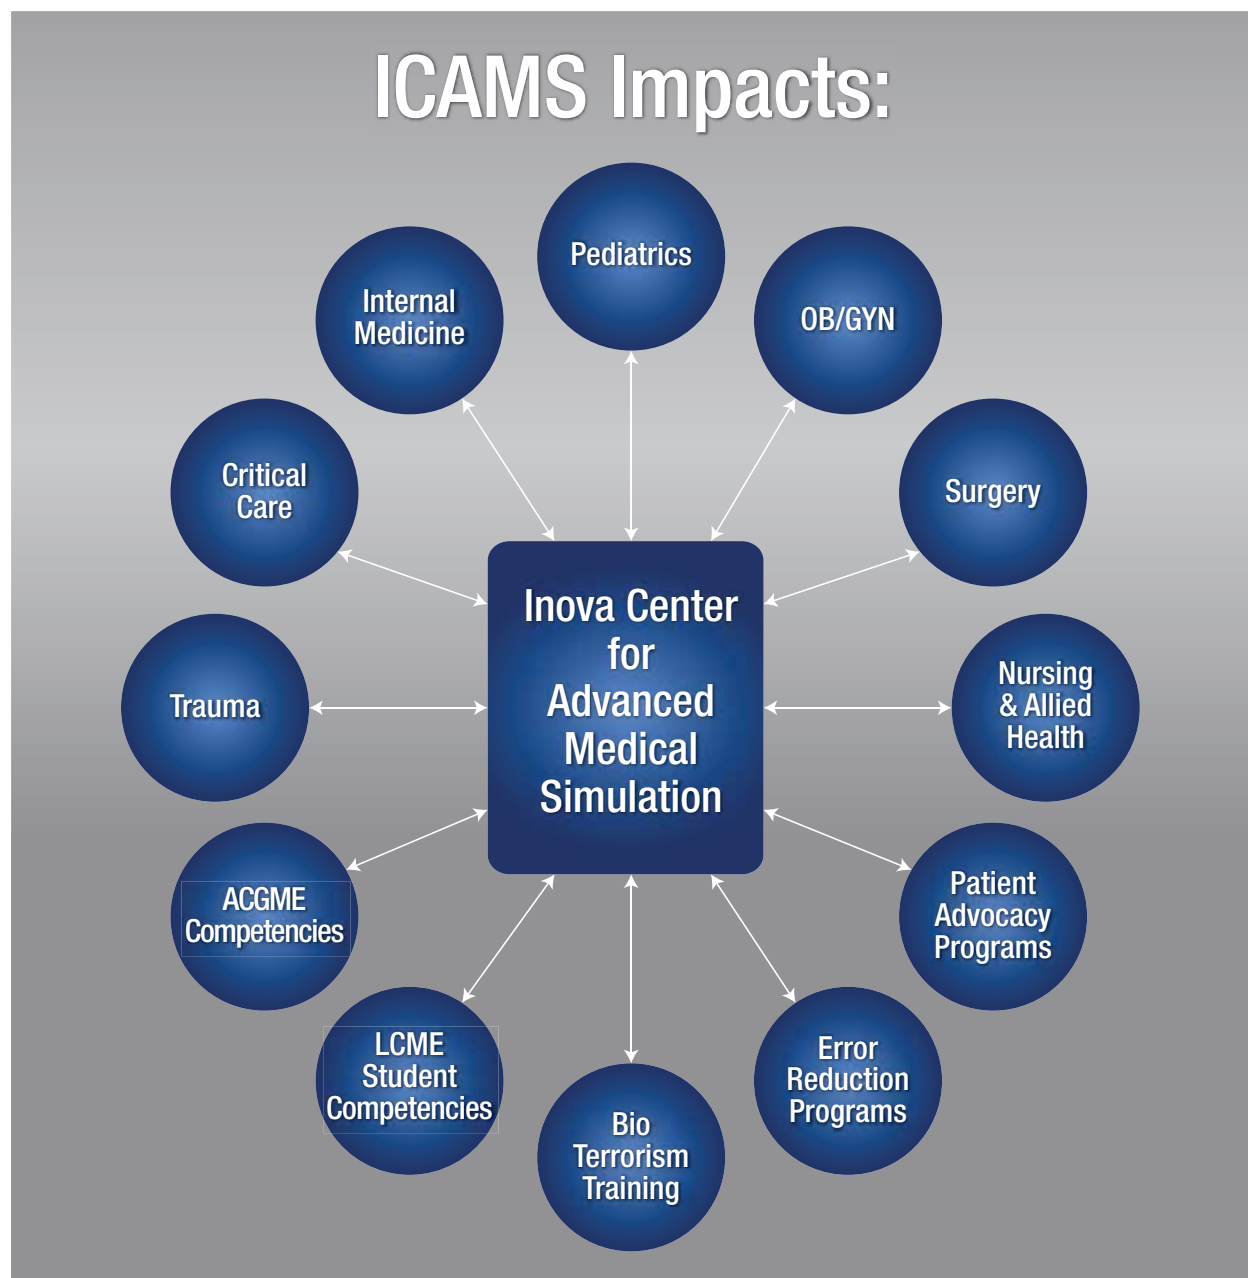

Most importantly, ICAMS will make patient care safer and better. Safer, because clinicians will have a place to practice advanced techniques and master complex care delivery in a controlled clinical setting. And better, because simulation training will give them the opportunity to improve their technical skills, teamwork and efficiency for optimal patient outcomes.

Caregivers will use life-sized mannequins that respond to treatment just as real patients do, and perform procedures in a monitored learning environment that mimics a real-life hospital setting, such as the intensive care unit. This will enhance their ability to respond to unanticipated medical events such as surgical or resuscitation emergencies.

As the largest non-military simulation center in the Washington, DC region, ICAMS will have a significant advantage in its ability to train clinical specialists for an entire healthcare system, rather than a single hospital.

It will help Inova attract and retain the best doctors and nurses and bring a new level of healthcare excellence to the Northern Virginia community.

With philanthropic support for major initiatives like the Inova Center for Advanced Medical Simulation, Inova can continue to advance high quality, cutting-edge medical care to meet the challenges of the future.

The Inova Family Gives Back

Inova employees' commitment to the community is evident every day on the job. These dedicated professionals work hard to provide their patients with the highest level of care in a compassionate environment. In 2010, they took that commitment one step further and generously stepped up to support the Employee Community Giving Campaign, which raises money for local organizations as well as Inova programs and services.

The annual campaign is conducted in partnership with United Way of the National Capital Area. Employees have the option of giving to more than 900 United Way agencies and 300 Inova funds such as the Inova Breast Care Institute, Life with Cancer[®], and the Inova Employee Emergency Financial Assistance Fund to help fellow employees who have experienced catastrophic events.

Since the campaign began, more and more employees have chosen to participate. 2010 was no exception, with a record 30 percent increase in the number of contributors from the year before. "Participation has grown each year because of increased awareness among employees across Inova," says Allie Obrand, Development Specialist of Annual Programs. "We have really focused on getting the message out earlier, engaging our employees and educating them about the campaign's positive impact."

This high level of involvement demonstrates that Inova employees are committed to giving back to their community in word and deed. They understand the importance of philanthropy in ensuring the continued provision of life-saving medical care, programs and services to all who need them. And when they see community members come forward to generously donate nearly \$20 million in 2010, they want to be involved, too.

The Employee Community Giving Campaign is now a part of the Inova culture, and the outlook is bright. "Who knows what the future holds," Obrand says. "Our goal is 100 percent participation, and as our employees increasingly embrace philanthropy, we feel certain we'll achieve it."

Commitment to the Community

In June, Inova Mount Vernon Hospital (IMVH) announced that it is once again expanding to better serve the growing community. Expansion plans include a new medical-surgical patient tower, more private rooms, two new operating rooms, upgrades to the infrastructure and additional space for continued growth. The campus renovation project will enhance IMVH's primary strengths – joint replacement/orthopedics and rehabilitation – while continuing to provide the community with medical/surgical care.

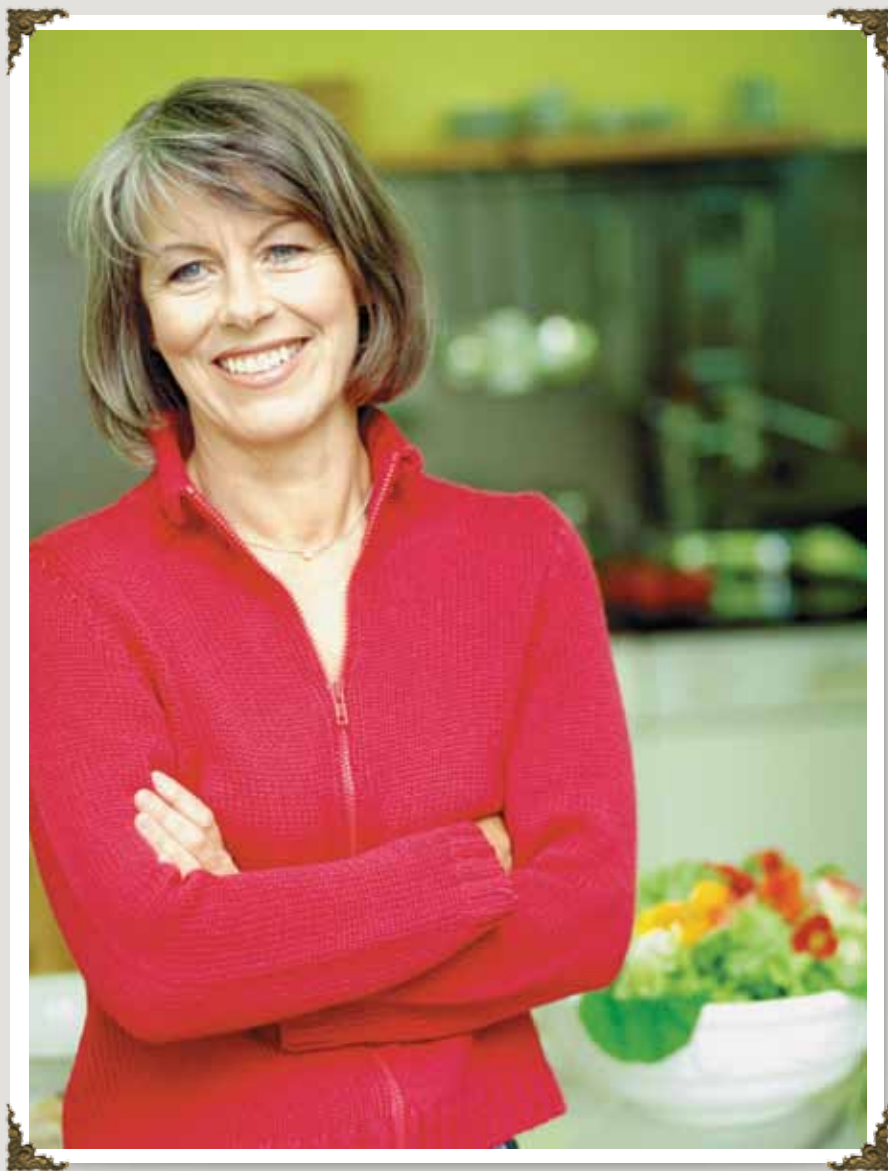

These planned changes will allow the hospital to address future inpatient and outpatient needs, increase patient privacy, and offer state-of-the-art operating room technology and more flexibility for emergencies.

“This is truly a milestone for Inova Mount Vernon Hospital and the community we serve,” says Barbara Doyle, CEO, IMVH. “This multi-million dollar expansion is a demonstration of the commitment we have to delivering high-quality care and being the healthcare provider of choice for the growing Mount Vernon area.”

Inova Loudoun Hospital (ILH) has also embarked on an expansion and renovation project at its western campus, better known as the “Cornwall Campus,” in Leesburg. This facility provides outpatient services to supplement those at the main hospital campus in Lansdowne. Plans include a new, state-of-the-art emergency department, new outpatient laboratory, expanded diagnostic imaging and modernized buildings. These upgrades will provide patients with easier access to all services, greater privacy in a more comfortable environment, and more efficient and faster test results.

With a long history of serving Loudoun County – one of the fastest growing counties in the nation – ILH must look to the future and expand in order to continue to provide the highest quality of care to the community it serves.

Not-for-profit medical centers like Inova Mount Vernon Hospital and Inova Loudoun Hospital rely on philanthropic leadership to be able to renovate facilities and expand services and programs that meet immediate human needs. With community partnerships, we can offer the best care possible to the thousands of individuals who, every year, entrust us with their lives.

“Thank You” to all Our Volunteers

At Inova, we rely on more than just financial donations to bring exceptional healthcare to the community. Many generous volunteers donate their time and talents to serve on boards of trustees and development committees and help us raise funds for critical programs and services. We feel fortunate that they have chosen to honor Inova in this way, and we are thankful for their ongoing support.

Conclusion

Each year, thousands of individuals, foundations and corporations include Inova in their philanthropic giving. Every one of these gifts is an invaluable investment in the health of our community, and helps ensure that vital healthcare resources are available and accessible to all who need them.

Like those whose inspiring stories you have read here, our generous donors understand the fundamental role philanthropy plays in Inova's continued success. It enables us to build state-of-the-art hospitals and healthcare facilities; attract and retain the most skilled and compassionate physicians and nurses; conduct groundbreaking research; and provide expert medical care throughout the cycle of life.

We are grateful to everyone who has shared in Inova's philanthropic story over the years and invite you to be a part of our future story as it continues to unfold.

Inova Health System Foundation Mission

The Inova Health System Foundation was established to seek charitable gifts to advance the medical services, research, education and community health priorities of Inova Health System.
