ARTICLE 1
DEFINITIONS

1.1 Administrator – means the individual appointed by the Board to act on its behalf in the overall management of the Hospital, or his/her designee.

1.2 Advanced Practice Provider - means an individual, other than an M.D., D.O., D.D.S., D.M.D. or D.P.M., whose patient care activities require that his/her authority to perform specified patient care services be processed through the usual Medical Staff channels.

1.3 Board - means the governing body of the Hospital, with authority to oversee and approve, within any existing Inova policies and procedures, all matters related to quality assurance, patient safety and satisfaction for all service lines, and medical staff credentialing and relations at the Hospital.

1.4 Chief Medical Officer - means a physician appointed by the Administrator and employed by the Hospital who performs assigned administrative duties and who, when so authorized by the Administrator, serves as his substitute in roles prescribed by these Bylaws and in subordinate documents.

1.5 Clinical Privileges - means authorization by the Board to provide specific patient care and treatment services, within well-defined limits, based on an individual’s license, education, training, experience, competence, and judgment, in the Hospital or in another Inova Hospital.

1.6 Credentials Committee - means the Credentials Committee of the Medical Staff of the Hospital.

1.7 Dentist - means an individual who has received a doctor of dental surgery degree or a doctor of dental medicine degree, and who is licensed by the Virginia Board of Dentistry to practice dentistry.

1.8 Ex Officio - means service as a member of a body by virtue of an office or position held and, unless otherwise expressly provided, means with voting rights.

1.9 Executive Committee - means the Executive Committee of the Medical Staff of the Hospital.

1.10 Fellow - means an individual pursuing subspecialty training complementing the individual’s residency program, in a program affiliated with a medical school accredited by the Liaison Committee on Medical Education. This individual holds a temporary license as a Resident issued by the Virginia Board of Medicine pursuant to Section 54.1-2937 of the Code of Virginia.

1.11 Hospital - means Inova Mount Vernon Hospital.

1.12 Inova Hospital(s) – means any other Hospital owned by Inova Health System Foundation or any successor corporation.
1.13 House Physician - means a licensed Physician employed or contracted by the Hospital to perform designated patient care duties. House Physicians may be employed on a full or part time basis.

1.14 Medical Staff Member - means the Physicians, Dentists, and Podiatrists who have been granted Clinical Privileges to attend patients in the Hospital.

1.15 Medical Student - means an individual enrolled in an undergraduate medical education program approved by the Virginia Board of Medicine.

1.16 Oral Surgeon - means a Dentist who has successfully completed a post-graduate program in Oral Surgery accredited by a nationally recognized accrediting body approved by the United States Department of Education and is licensed by the Virginia Board of Dentistry to practice dentistry.

1.17 Physician - means an individual who has received a doctor of medicine or doctor of osteopathy degree and is licensed by the Virginia Board of Medicine to practice medicine or osteopathy.

1.18 Podiatrist - means an individual who has received a doctor of podiatric medicine degree and is licensed by the Virginia Board of Podiatry to practice podiatry.

1.19 Practitioner - means, unless otherwise specified, a member of the Medical Staff, a holder of Clinical Privileges, or an applicant for Medical Staff membership or Clinical Privileges.

1.20 Quorum - means, unless otherwise specified in these Bylaws, thirty-three and a third percent (33 1/3%) of the Members of the Medical Staff, a Department or Committee.

1.20.1 for voting by mail/electronic ballots: 50% of the members of the active Medical Staff or a department who are duly eligible to vote at a meeting of the Medical Staff or a department and who are present in person at such meeting or who have submitted mail/electronic ballots;

1.20.2 for voting by in-person meeting: 33 1/3% of the members of the active Medical Staff or a department who are duly eligible to vote at a meeting and who are present in person at such meeting.

1.21 Resident - means an individual holding a temporary license as a Resident issued by the Virginia Board of Medicine pursuant to Section 54.1-2937 of the Code of Virginia.
ARTICLE 2
NAME

The name of this organization shall be “The Medical Staff of Inova Mount Vernon Hospital.”

ARTICLE 3
PURPOSES

The purposes of the Medical Staff include the following:

3.1 Strive to assure the provision of quality patient care at the Hospital through the monitoring and evaluation of the quality and appropriateness of patient care at the Hospital;

3.2 Identify important problems in patient care and opportunities to improve patient care;

3.3 Provide staff mechanism for appraisal of individuals who apply for appointment to the Medical Staff and/or for Clinical Privileges; monitor and evaluate the clinical performance of individuals with Clinical Privileges; and initiate and pursue corrective action with respect to individuals with Clinical Privileges when warranted;

3.4 Provide and maintain professional and educational standards; provide educational opportunities, and promote programs in health care research;

3.5 Provide a means whereby significant matters of concern to the Medical Staff may be discussed among the Medical Staff, the Administrator, and the Board;

3.6 Participate in the Hospital’s policy making and planning processes; and

3.7 Collaborate and participate in decisions relating to financial, administrative, and operational matters of the Hospital especially as they relate to Hospital services, skill mix of the nursing and ancillary staff, and financial and budgetary matters.
ARTICLE 4
MEMBERSHIP

4.1 Membership. Membership on the Medical Staff of the Hospital is a privilege which shall be extended only to those Physicians, Oral Surgeons, Dentists and Podiatrists who are duly licensed in the Commonwealth of Virginia, who are competent in their respective fields, and who continuously meet the qualifications, standards, and requirements set forth in these Bylaws. Membership shall not be denied on the basis of age, race, creed, color, sex, or national origin.

4.2 Basic Qualifications. Membership on the Medical Staff shall be accorded only to those Physicians, Oral Surgeons, Dentists, and Podiatrists duly licensed in the Commonwealth of Virginia, except for applicants for the Honorary staff, who:

4.2.1 Document their background, qualifications, professional competence, education, training, experience, demonstrated clinical ability, judgment, ethics, character, and physical and mental health status with sufficient adequacy to satisfactorily demonstrate to the Executive Committee and the Board that any patient treated by them will receive care of the appropriate level of quality and efficiency;

4.2.2 Are licensed to prescribe or dispense controlled substances by the Federal Drug Enforcement Agency (DEA) and the Virginia State Board of Pharmacy (CSR), if applicable;

4.2.3 Have been determined to satisfactorily meet the criteria and qualifications for the requested Clinical Privileges, as recommended by the appropriate Department Chair and the Executive Committee and adopted by the Board;

4.2.4 Are determined, on the basis of satisfactorily documented references, to adhere strictly to the ethics of their respective professions, to work cooperatively with others, and to be willing to participate in the discharge of Medical Staff responsibilities;

4.2.5 Practice in the community and within a reasonable distance of the Hospital in order to be able to provide timely and appropriate coverage for patients at the Hospital;

4.2.6 Are determined to have the ability to properly discharge their obligations for the continuous care of patients admitted to the Hospital by them;

4.2.7 Provide satisfactory evidence of professional liability insurance in not less than the minimum amounts recommended by the Executive Committee and approved by the Board; except for applicants for the Honorary Staff category;

4.2.8 Have not been involuntarily terminated from the Medical Staff of any Inova Hospital, or had clinical privileges suspended at any Inova Hospital, or resigned from any Inova Hospital while under investigation in order to avoid
an investigation or disciplinary action, or following an adverse recommendation by a Department Chair, Credentials Committee, or Executive Committee;

4.2.9 Are not currently suspended at, or have not been involuntarily terminated by or had clinical privileges suspended by any other hospital, and have not resigned while under investigation, in order to avoid an investigation or disciplinary action, or following an adverse recommendation by a department chair, credentials committee, or medical executive committee of another hospital; and

4.2.10 Have not been excluded from or sanctioned by the Medicare or Medicaid programs or any other governmental program and are not on the OIG list of excluded providers.

4.2.11 Have not been convicted of a felony.

4.3 Other Criteria. The following criteria will also be considered in determining whether or not to grant Medical Staff membership and Clinical Privileges:

4.3.1 The ability of the Hospital to provide adequate facilities and supportive services for the applicant and the applicant’s patients.

4.3.2 Patient care needs for additional staff members with the applicant’s skill and training.

4.4 Qualification Not Automatic. No individual shall be entitled to membership on the Medical Staff, or to enjoyment of particular privileges, merely by virtue of the fact that the individual is licensed to practice any of the healing arts, or that the individual is a member of some professional organization, or that the individual has in the past, or presently has, Clinical Privileges at another health care facility.

4.5 Ethics and Ethical Relationships. Practitioners granted Clinical Privileges pursuant to these Bylaws shall conduct themselves in the highest ethical tradition. In accepting Clinical Privileges, Practitioners specifically agree to abide by the codes of ethics of their respective professional associations. Violation of such professional ethics shall be grounds for denial of Clinical Privileges, or for revocation of such privileges.

4.6 Board Certification. All Practitioners who apply for membership on the Medical Staff shall be either (i) board certified by a national specialty board which is approved by the American Board of Medical Specialties, the Royal College of Physicians and Surgeons of Canada, the American Board of Oral and Maxillofacial Surgery, the American Board of Podiatric Surgery, the American Osteopathic Association, or an equivalent specialty board approved by the Hospital’s Board of Trustees after considering the recommendations of the Executive Committee and the Hospital CEO, or (ii) currently
eligible to become board certified and obtain board certification within the time frame required by the applicable specialty board.

4.6.1 It shall be the obligation of the Practitioner to maintain board certification in the specialty or subspecialty most closely aligned to his/her clinical privileges. If a Practitioner fails to maintain board certification, the Practitioner will have two years from the date the certification lapsed to take and successfully pass the board examination. If the Practitioner fails to pass in this time period, his/her Clinical Privileges will automatically be withdrawn and the Practitioner must submit a new application after board certification is achieved.

4.6.2 Members of the medical staff who were not board certified as of January 1, 2004 shall be exempt from the foregoing requirement.

4.6.3 In extraordinary circumstances, the Board may waive the board certification requirement or extend the time within which the Practitioner is required to become board certified, after considering the recommendations of the appropriate Section, Department, Credentials Committee, and/or the Executive Committee.

4.7 Basic Responsibilities. Each member of the Medical Staff shall:

4.7.1 Provide for continuous care for patients at the appropriate level of quality and efficiency recognized by the Medical Staff;

4.7.2 Abide by the Medical Staff Bylaws, Medical Staff Rules and Regulations, Department Rules and Regulations, and other Hospital policies, procedures, and standards as may be applicable;

4.7.3 Satisfactorily discharge such Medical Staff, department, section, committee, and Hospital functions for which the Practitioner is responsible by virtue of his/her membership or Clinical Privileges;

4.7.4 Prepare and complete in a timely manner the required records for all patients admitted or attended by the member in any way in the Hospital;

4.7.5 Abide by the ethical principles of his/her profession;

4.7.6 Participate in the licensure, accreditation, and quality assurance activities of the Hospital;

4.7.7 Maintain in force professional liability insurance in not less than the minimum amounts recommended by the Executive Committee and approved by the Board; notify the Executive Committee in writing immediately upon the cancellation of the member’s professional liability insurance; provide a current certificate of insurance prior to the expiration, renewal, or any change in professional liability insurance and no less than annually; maintain
extended reporting (“tail”) coverage for all periods of time not covered by a current policy of insurance; and notify the Executive Committee immediately in writing of any settlements or final judgments involving professional liability actions;

4.7.8 Notify the Executive Committee in writing immediately upon conviction of a felony or the institution of any formal proceeding which, if determined adversely to the Practitioner, would result in a revocation, suspension or limitation of the Practitioner’s license to practice, the Practitioner’s license to prescribe or dispense controlled substances, the Practitioner’s Clinical Privileges at any other hospital, or the imposition of sanctions of any kind imposed by any health care facility, professional review organization or licensing agency; and notify the Executive Committee in writing of the outcome of such proceeding within ten (10) days of the final decision, including the voluntary relinquishment of any license, registration, or Clinical Privileges;

4.7.9 Report settled malpractice claims and final judgments within 30 days through the Medical Staff Office to be reviewed by the department Chairman and the Administrator;

4.7.10 Ensure a complete medical history and physical examination of each patient is completed by a provider credentialed to perform history and physical examinations, no more than 30 days before or 24 hours after admission or registration (but before any surgery or procedure requiring anesthesia), in accordance with the Medical Staff Rules and Regulations, Policies and Procedures and any relevant provision of the Medical Staff Bylaws. If the history and physical examination was completed within 30 days before admission, an updated medical record entry documenting an examination for any changes in the patient’s condition must be completed within 24 hours after registration or admission (but before any surgery or procedure requiring anesthesia services);

4.7.11 Participate in educational activities as deemed necessary or appropriate by the Executive Committee;

4.7.12 Work cooperatively with other Medical Staff Members, Advanced Practice Providers, health care providers, Hospital management, and employees to maintain a Hospital environment appropriate for quality patient care and consistent with the values and operating principles of the Hospital;

4.7.13 Report to the President of the Medical Staff and the Administrator any physical or mental condition which could in any way impair the Practitioner’s ability to treat patients; and

4.7.14 Participate in emergency room on-call coverage as required by the Executive Committee.
4.7.15 Members of the Medical Staff are not allowed to perform any procedures requiring informed consent on a family member unless the situation is deemed an emergency and the approval of the hospital Medical Staff President, Chief Executive Officer and/or the Chief Medical Officer has been provided.

4.8.1 In Administrative Capacity Only. A Physician, Oral Surgeon, Dentist, or Podiatrist employed by the Hospital in a purely administrative capacity with no clinical duties or Clinical Privileges shall be subject to the Hospital’s personnel policies and to the terms of his/her contract or other conditions of employment. The individual shall not be required to be a member of the Medical Staff.

4.8.2 With Clinical Privileges. A Physician, Oral Surgeon, Dentist, or Podiatrist employed by or under contract with the Hospital in a clinical and medico-administrative capacity must be a member of the Medical Staff appointed in accordance with Article 7 and granted Clinical Privileges in accordance with Article 8 of these Bylaws. Such membership and Clinical Privileges shall not be contingent upon the individual’s contract or continued employment unless specifically provided in the individual’s contract with the Hospital or in the terms of the individual’s employment. If the contract with the Hospital or the terms of employment do so specifically provide, then the membership and Clinical Privileges of such individuals shall be contingent on the terms of the individual’s contract with the Hospital or the terms of the individual’s employment.

4.8.2.1 A Physician, Oral Surgeon, Dentist, or Podiatrist (the “Associated Physician” for purposes of this Section 4.8.2.1) who is employed by, or in any way otherwise associated with any professional corporation or partnership under contract, or another Physician, Dentist or Podiatrist under contract, to provide services at the Hospital (the “Contract Provider” for purposes of this Section 4.8.2.1), must be a member of the Medical Staff appointed in accordance with Article 7 of these Bylaws and granted Clinical Privileges in accordance with Article 8 of these Bylaws. The membership and Clinical Privileges of each Associated Physician shall automatically terminate upon severance of his/her employment by or association with the Contract Provider.

4.9 Terms of Appointment. Initial appointments and reappointments to the Medical Staff shall be made by the Board after considering the recommendations of the Executive Committee. All initial appointments to the Medical Staff shall be provisional and the terms of such appointments are limited pursuant to Section 4.10 of these Bylaws. All reappointments shall be for a period not to exceed two (2) years. Appointment or reappointments for a period of less than two (2) years shall not be considered an adverse/disciplinary action and therefore shall not entitle a practitioner to a hearing or
other rights set forth in Article 11 of these Bylaws. An appointment or reappointment for
a period less than two (2) years also shall not be reportable to the Virginia Department of
Health Professions or to the National Practitioner Data Bank.

4.9.1 If the Section Chief/Department Chairperson, Credentials Committee, or
Executive Committee recommends a reappointment term of less than two (2)
years, the Section Chief/Department Chairperson, Credentials Committee, or
Executive Committee shall set forth the reason(s) for such recommendation in
writing. The practitioner shall be notified in writing of the reason(s) for such
recommendation by the President of the Medical Staff or designee. The
practitioner will be given the opportunity to meet with the Executive
Committee to discuss the decision.

4.10 Provisional Appointments. All initial appointments to the Medical Staff shall be
provisional appointments. Provisional appointments shall be for a period of twelve (12)
months, and, if necessary, may be extended for an additional period, which shall
terminate no later than two (2) years from the date of the initial appointment.

4.10.1 Individuals with provisional appointments shall be assigned to a department
and the Department Chair shall exercise appropriate supervision and review
for the provisional period. If the individual with provisional appointment is a
Department Chair, the individual shall be supervised and reviewed by the
Executive Committee.

4.10.2 During the provisional appointment period, the Practitioner will undergo a
Focused Professional Practice Evaluation (FPPE) as established by medical
staff policies and procedures.

4.10.3 At the end of the initial provisional appointment period, the Department Chair
or Executive Committee shall furnish to the Credentials Committee a report
indicating whether the individual with provisional appointment has:

4.10.3.1 Satisfactorily demonstrated his/her ability to exercise the Clinical
Privileges granted to the individual,

4.10.3.2 Satisfactorily discharged all of his/her responsibilities in
accordance with these Bylaws, and

4.10.3.3 Not exceeded or abused the prerogatives of the staff category to
which assigned.

The Credentials Committee shall review the report together with the
individual’s original application file and make a recommendation to the
Executive Committee regarding appointment to the Medical Staff. The
Executive Committee shall make its recommendations to the Board. The
Board may grant appointment to the Medical Staff, deny appointment to the
Medical Staff, or extend the provisional appointment for an additional period
not to exceed two (2) years from the date of the initial appointment.
4.10.4 If, at the end of the initial provisional period, or extension thereof, an individual is denied appointment to the Medical Staff by the Board, the individual’s Clinical Privileges shall be terminated and he/she shall be entitled to the rights accorded by Article 11.

4.11 Medical Staff Year. The Medical Staff year commences on the first day of January and ends on the thirty-first day of December of each year.

4.12 Annual Dues. Annual dues for each calendar year in an amount to be established by the Executive Committee shall be paid by each Medical Staff Member with the exception of the Honorary Staff as defined in Section 5.3 of these Bylaws.

4.12.1 Annual dues for the ensuing Medical Staff Year shall be paid in accordance with the due date established by the Executive Committee.

4.12.1.1 A statement requesting payment shall be mailed to Medical Staff Members not less than sixty (60) days prior to the due date.

4.12.1.2 A Medical Staff Member whose annual dues remain unpaid as of the due date established by the Executive Committee shall be subject to automatic termination of Medical Staff Membership and Clinical Privileges in accordance with Section 9.6.2.3 of these Bylaws.

4.12.2 Applicants for Medical Staff membership shall submit their annual dues with their application. The total amount of dues submitted shall be refunded if the application for Medical Staff membership is denied or withdrawn.

4.13 Leave of Absence.

4.13.1 Voluntary Leave of Absence.

4.13.1.1 A Practitioner may obtain a voluntary leave of absence from the Medical Staff or his/her Clinical Privileges by submitting written notice to the Executive Committee and the Administrator stating the exact period of time of the leave, which may not exceed the Practitioner’s current appointment period. The Executive Committee shall, after considering the recommendations of the Department Chair and/or the Credentials Committee, decide whether the request shall be granted. The refusal to grant any leave of absence shall not entitle the Practitioner to the hearing rights set forth in Article 11. During the period of leave, the Practitioner’s Clinical Privileges shall be relinquished. A Practitioner must complete all medical records prior to embarking upon his or her leave of absence and arrange appropriate coverage for their patients in their absence and for any and all On Call responsibilities.
4.13.1.2 Termination of Leave. Prior to the end of any period of leave, the Practitioner may request reinstatement of membership or Clinical Privileges by submitting a written notice to that effect to the Administrator or his designee for transmittal to the Executive Committee. The Practitioner shall submit a written summary of his relevant activities during the leave, if the Executive Committee, the Administrator or his designee, or the Board so requests. The Executive Committee shall make a recommendation to the Board concerning the reinstatement of the Practitioner’s membership and/or Clinical Privileges. Failure without good cause to request reinstatement or to provide a requested summary of activities as above provided shall result in automatic termination of membership, and Clinical Privileges without right of hearing or appellate review. A request for membership or Clinical Privileges subsequently received from a Practitioner so terminated shall be submitted and processed in the manner specified for applications for initial appointment.

4.13.2 Medical Leave.

4.13.2.1 Any Practitioner at any time may be placed on medical leave at his or her own request. Upon the Practitioner’s request for reinstatement of membership or Clinical Privileges, the Practitioner shall provide any information reasonably requested to enable the Hospital to evaluate whether the condition affects the Practitioner’s ability to exercise the Clinical Privileges that have been granted.

4.13.2.2 In addition, whenever the President of the Medical Staff believes that a Practitioner could be suffering from a physical or mental condition which impairs the ability of the Practitioner to treat patients, the President of the Medical Staff, may require that the Practitioner submit to a physical or mental examination to determine whether the Practitioner is suffering from any condition that would interfere with his or her treatment of patients.

4.14 Resignation. A resignation by a Member of the Medical Staff shall be presented to the Credentials Committee, Executive Committee and Board. The effective date of resignation is the date the resignation is approved by the Board, provided all medical staff obligations have been met by the resigning member. Resignation shall constitute relinquishment of both Medical Staff membership and clinical privileges, but shall be considered a voluntary action by the practitioner.

4.15 Waiver of Requirements. The Board may, after considering the recommendations of the Executive Committee and any appropriate Department chairs, waive any of the requirements for Medical Staff membership and clinical privileges established pursuant to these Bylaws or the rules and regulations of any Department. The refusal of the Board
to waive any requirement shall not entitle any practitioner to a hearing or any other rights of review.
ARTICLE 5
CATEGORIES OF THE MEDICAL STAFF

5.1 The Medical Staff. The Medical Staff shall consist of the Active, Honorary, Courtesy, Community, and Telemedicine Staffs.

5.2 The Active Staff

5.2.1 The Active Staff shall consist of physicians, dentists and podiatrists who, in accordance with the nature of their respective practices, frequently utilize the hospital for admission and follow up of their patients, who assume all responsibilities of Active Staff membership, and who have been provisional members of the Medical Staff for at least twelve (12) months.

Senior physicians, oral surgeons and podiatrists of recognized ability who are active in the affairs of the Hospital, have been members of the Active Staff, but who, for reasons approved by the Executive Committee, may no longer desire Active Staff responsibilities. Must be age 65 and provided service on the active and/or associate staff for (15) years or served 25 years on the active and/or associate staff. Privileges will be the same as Affiliated Staff with the addition of no emergency department call responsibility.

The Active Staff shall transact all business of the Medical Staff, shall be responsible for conducting and contributing to the educational programs of the hospital, shall accept assignments in the care of service to patients, and shall serve on committees and perform such other assignments deemed necessary. Members of the Active Staff shall be eligible to vote, to hold office, and to serve on Medical Staff Committees and shall be required to attend Medical Staff meetings as provided in Article 14 and Departmental and Committee meetings as provided in Article 15 of these Bylaws.

5.3 The Honorary Staff

5.3.1 The Honorary Staff shall consist of physicians, oral surgeons and podiatrists, who are not active in the Hospital but whom the Medical Staff and the Hospital wish to honor. These may be physicians, oral surgeons or podiatrists retired from active practice and hospital service, or of outstanding reputation not necessarily resident in the community. The physicians are exempt from needing a Virginia license, malpractice insurance or Board Certification.

5.3.2 Appointment to the Honorary Staff shall not include privileges to admit or attend patients, unless specifically granted by the Inova Health Care Services Board upon Medical Staff recommendation.

5.3.3 Members of the Honorary Staff shall have no assigned duties and shall not be eligible to vote nor to hold office, nor be liable for annual Medical Staff dues payments.
5.4 The Courtesy Staff

5.4.1 The Courtesy Staff. The Courtesy Staff shall consist of those physicians, oral surgeons, dentist and podiatrists who are qualified for Medical Staff membership but who only occasionally admit patients to the Hospital. As members of the Courtesy Staff they shall be privileged to admit and to attend twelve (12) patients per year. If it is desired to admit more than this number of patients, the practitioner shall apply for advancement to Active Staff membership. Members of the Courtesy Staff shall not be eligible to vote or to hold office.

5.5 The Affiliated Staff

5.5.1 The Affiliated Staff shall consist of practitioners in active practice in the local community who desire to maintain a close connection to the Hospital and wish to remain or become a member of the Medical Staff, without clinical privileges, for educational purposes, collegiality, or to comply with a requirement for panel membership in an indemnity, PPO, or HMO insurer. The Affiliated Staff shall not have clinical privileges and not be eligible to admit patients, to vote, or hold office. The Affiliated Staff may attend staff and department meetings and any staff or Hospital education meetings.

5.6 The Telemedicine Staff

5.6.1 Telemedicine is defined as the medical diagnosis, management, evaluation, treatment, or monitoring of injuries and diseases through the use of communication technology. The Board will determine what clinical services may be provided through telemedicine after considering the recommendations of the appropriate department chair, the Credentials Committee and the Executive Committee.

5.6.2 The Telemedicine Staff shall consist of Physicians, Oral Surgeons, Dentists and Podiatrists who, in accordance with the nature of their respective practices, treat patients in the Hospital only via the use of telemedicine, as defined in 5.6.1.

5.6.3 Appointment to the Telemedicine Staff shall not include privileges to admit or attend patients.

5.6.4 Members of the Telemedicine Staff shall not pay dues. They shall not be required to attend Medical Staff or department meetings or to serve on Medical Staff or department committees, and shall not have the right to vote or to hold office on the Medical Staff.

5.6.5 Members of the Telemedicine Staff shall be privileged and credentialed using the same process as that for membership on the Active Staff, provided, however, if permitted by law, regulations and any applicable accreditation standards the Hospital may obtain and rely on information and documentation related to the Practitioner’s qualifications and competence provided by the site or organization where the Practitioner is
located if that site meets all requirements of the Centers for Medicare & Medicaid Services and appropriate accreditation agencies and is accredited by The Joint Commission or another accreditation organization approved by Centers for Medicare & Medicaid Services to grant deemed status. The Hospital may verify directly through original sources such information as the Hospital deems appropriate.

5.6.6 Members of the Telemedicine Staff must be properly licensed, certified, and/or permitted to practice in the Commonwealth of Virginia.
ARTICLE 6
ADVANCED PRACTICE PROVIDERS, HOUSE PHYSICIANS, RESIDENTS, AND MEDICAL STUDENTS

6.1 Advanced Practice Providers.

6.1.1 The Board shall, after considering any recommendations by the Executive Committee, determine what types of Advanced Practice Providers should be permitted to provide health care services in the Hospital in order to meet the health care needs of the community.

6.1.2 Advanced Practice Providers, including Optometrist and Acupuncturist, may be accorded Clinical Privileges within the scope of their licenses or certification in accordance with Medical Staff Rules and Regulations and applicable policies and procedures. Advanced Practice Providers shall not be members of the Medical Staff and shall not be entitled to vote or hold office. The granting of Clinical Privileges to Advanced Practice Providers shall also be subject to the provisional appointment process in Section 4.10.

6.1.3 Advanced Practice Providers shall be required to meet all of the applicable Basic Qualifications set forth in Section 4.2 and Basic Responsibilities set forth in Section 4.7 of these Bylaws.

6.1.4 The Clinical Privileges of an Advanced Practice Provider shall be revoked automatically, and the Advanced Practice Provider shall not be entitled to the hearing and appeal procedures set forth in Article 11 of these Bylaws, upon:

6.1.4.1 Suspension, restriction, revocation, or voluntary termination of the certification and/or license of the Advanced Practice Provider;

6.1.4.2 Limitation, restriction, cancellation or material modification of the Advanced Practice Provider’s professional liability insurance.

6.1.5 The Clinical Privileges of and Advanced Practice Provider shall be suspended automatically, and the Advanced Practice Provider shall not be entitled to the hearing and appeal procedures set forth in Article 11 of these Bylaws, upon:

6.1.5.1 If applicable, suspension, revocation or voluntary termination of the Medical Staff membership or Clinical Privileges of the Advanced Practice Provider’s supervising or collaborating Practitioner or the termination of the Advanced Practice Provider’s employer for the provision of the professional services, unless such employer continues to provide professional services to the Hospital after termination of the contract; and

6.1.5.2 If applicable, the termination of the employment contract between the Advanced Practice Provider and the Advanced Practice Provider’s employer. Advanced Practice Provider shall have sixty
(60) days within which to identify a successor supervising or collaborating Practitioner who is a member of the Medical Staff and to provide a copy of the written affiliation, supervision, collaboration, and/or employment agreement. If the Advanced Practice Provider does not identify a successor supervising or collaborating Practitioner and provide a copy of the written affiliation, collaboration, and/or employment agreement within the period the clinical privileges of the Advanced Practice Provider shall be terminated automatically and the Advanced Practice Provider shall not be entitled to the hearing and appeal procedures set forth in Article 11 of these Bylaws.

6.1.6 The Clinical Privileges of an Advanced Practice Provider may be revoked, reduced, or suspended if the performance, activities, or professional conduct of the Advanced Practice Provider is or is reasonably likely to be detrimental to patients’ safety or quality patient care, unethical, below the standards of the Medical Staff, or disruptive to the operations of the Hospital.

6.1.6.1 An Advanced Practice Provider who is not an employee of the Hospital who’s Clinical Privileges are revoked, reduced, or suspended pursuant to Section 6.1.5 shall be entitled to a hearing pursuant to the procedures set forth in Article 11.

6.1.6.2 An Advanced Practice Provider who is an employee of the Hospital shall be subject to the personnel policies and procedures of the Hospital, and shall not be entitled to a hearing pursuant to the procedures set forth in Article 11.

6.1.6 Advanced Practice Providers who practice telemedicine as defined in Section 5.6.1 of the Medical Staff Bylaws shall be credentialed and privileged in the same manner as Members of the Telemedicine Staff.

6.2 House Physicians.

6.2.1 This category refers to both (1) Physicians employed by the Hospital who do not become members of the Medical Staff, as such, (hereafter “Hospital House Physicians”); and (2) Physicians employed by members of the Medical Staff or a Member’s Corporation who do not become members of the Medical Staff (hereafter, “Private House Physicians”). House Physicians may be granted permission to perform designated patient care duties and responsibilities assigned in accordance with their qualifications and individually granted Clinical Privileges.
6.2.1.1 Clinical Privileges shall be granted in accordance with Article 7. A House Physician shall exercise only those Clinical Privileges that are specifically and expressly granted by the Board.

6.2.1.2 The acts performed by the House Physician shall be at the direction of and under the supervision and control of the Chair of the clinical department to which the individual has been assigned and, in the case of Private House Physicians, the Private House Physician’s Supervising Physician.

6.2.1.3 House Physicians shall hold either a temporary or permanent license to practice medicine in the Commonwealth of Virginia.

6.2.1.4 The Clinical Privileges of a House Physician shall be revoked automatically, and the House Physician shall not be entitled to the hearing and appeal procedures set forth in Article 11 of these Bylaws, upon:

a. Termination of employment;

b. Suspension, restriction, revocation or voluntary termination of licensure;

c. Suspension, revocation, cancellation, material modification or other loss of professional liability insurance coverage, as required in Section 6.2.1.6.c of these Bylaws; and

d. Suspension, revocation, restriction or voluntary termination of the Clinical Privileges or professional license of the House Physician’s Supervising Physician.

6.2.1.5 The Clinical Privileges of a House Physician also may be revoked, reduced, or suspended if the performance, activities, or professional conduct of the House Physician is or is reasonably likely to be detrimental to patients’ safety or quality patient care, unethical, below the standards of the Medical Staff, or disruptive to the operations of the Hospital. A House Physician who’s Clinical Privileges are revoked, reduced, or suspended pursuant to this Section 6.2.1.5 shall be entitled to a hearing pursuant to the procedures set forth in Article 11.

6.2.1.6 Special Provisions Applicable to Private House Physicians. The following provisions shall apply to Private House Physicians:

a. Persons applying for Clinical Privileges as Private House Physicians shall submit an application and delineation of Clinical Privileges forms in the format provided by, and approved by, the Hospital. Private House Physicians shall
be required to meet such qualification requirements as may be recommended by the Executive Committee, and approved by the Board.

b. Clinical Privileges granted to Private House Physicians shall not include admission or discharge of patients, nor shall they include performing surgical procedures as the primary surgeon. Private House Physicians shall exercise all Clinical Privileges under the supervision and control of their Supervising Physician(s). Such Supervising Physician shall, at all times, be and remain responsible for the actions of the Private House Physician, and shall, at all times, be and remain primarily responsible for the management of patient care.

c. Persons applying for Clinical Privileges as Private House Physicians must satisfactorily demonstrate that they are covered by professional liability insurance in the same amounts applicable to persons applying for Medical Staff membership, and must maintain such coverage at all times during which they are granted Clinical Privileges.

6.3 Residents, Fellows and Medical Students.

6.3.1 Residents and Fellows.

6.3.1.1 Residents and Fellows holding temporary (or permanent) licenses to practice medicine from the Commonwealth of Virginia and who meet the requirements of Section 54.1-2937 of the Virginia Code and such other qualifications as may be recommended by the Executive Committee approved by the Board may be permitted to provide patient care services at the Hospital as part of a residency or fellowship training program approved by the Hospital.

6.3.1.2 Residents and Fellows shall complete an information form which details their background, education, training, experience, and licensure, if applicable prior to their employment by the Hospital or assignment to the Hospital.

6.3.1.3 Residents and Fellows may be assigned such duties and responsibilities as are prescribed in the Medical Staff Rules and Regulations and applicable policies and procedures; however, such duties and responsibilities shall not exceed the extent and scope of duties and professional services which may be rendered by Residents and Fellows under regulations promulgated by the Virginia State Board of Medicine. Termination of employment of a Resident or Fellow or termination of his/her assignment to the
Hospital shall automatically terminate his/her duties and responsibilities at the Hospital and he/she shall not be entitled to provide patient care services.

6.3.1.4 Residents and Fellows shall be responsible and accountable at all times to a Physician member of the Medical Staff and shall be under the supervision and direction of a Physician member of the Medical Staff. The Physician shall have ultimate responsibility for care of the patient.

6.3.1.5 Residents and Fellows shall comply with the Medical Staff Bylaws, Medical Staff Rules and Regulations, and institutional policies governing graduate education and such other policies and procedures of the Hospital as may be applicable.

6.3.1.6 Residents and Fellows shall not be members of the Medical Staff and shall not be entitled to the rights accorded in Article 11.

6.3.2 Medical Students.

6.3.2.1 Medical Students who meet the requirements of Section 54.1-2960 of the Virginia Code and such other qualifications as may be recommended by the Executive Committee and approved by the Board may be permitted by the Hospital to prepare medical history information and perform physical examinations.

6.3.2.2 Medical students shall be responsible and accountable at all times to a Physician member of the Medical Staff and shall be under the supervision and direction of a Physician member of the Medical Staff.
ARTICLE 7
PROCEDURE FOR APPOINTMENT AND REAPPOINTMENT

7.1 Procedures.

7.1.1 Applications. All applications for appointment and reappointment of Medical Staff Membership and/or Clinical Privileges shall be submitted on such a form as is prescribed by the Hospital, shall be signed by the applicant and shall be accompanied by such information, documentation and fees as the Hospital requires.

7.1.1.1 Applications shall include at least the following information:

a. complete and detailed statements as to the applicant’s professional qualifications; a description of the applicant’s background including but not limited to his/her education, training, experience, current licensure, professional competence, demonstrated clinical ability, and judgment;

b. a statement that no health problems exist that could affect the practitioner’s ability to perform the privileges requested;

c. a description of the applicant’s past and current practice and the applicant’s past and present hospital affiliations and privileges;

d. whether the applicant’s membership and/or Clinical Privileges have ever been revoked, suspended, reduced, or not renewed at any other hospital or health care institution;

e. whether the applicant has resigned Medical Staff membership or relinquished any Clinical Privileges at any other hospital or health care institution, or allowed such membership or privileges to expire;

f. whether the applicant’s application for membership and/or Clinical Privileges at any other hospital or health care institution has been denied;

g. whether the applicant’s membership in local, state or national professional societies, or license to practice any profession in any jurisdiction has ever been suspended, limited, terminated, restricted, or voluntarily relinquished;

h. whether the applicant has been subject to sanctions of any kind imposed by any health care facility, professional
review organization, or licensing authority; or whether there has been any proceeding instituted therefore;

i. whether the applicant’s registration to prescribe or dispense controlled substances has been suspended, revoked, denied or voluntarily relinquished; and whether there are any currently pending challenges to membership, Clinical Privileges, license, or registration;

j. a statement showing evidence of the applicant’s professional liability insurance coverage;

k. information on malpractice claims experience, including but not limited to settlements or final judgments, during the past five (5) years, and including a consent to the release of information by his/her present and past malpractice insurance carrier(s);

l. names and addresses of references, who have recently worked with the applicant and directly observed the applicant’s professional performance over a reasonable period of time and who can provide reliable information and give a definitive opinion as to the applicant’s professional competence, ethics, and character, including ability to work cooperatively with others; and

m. any other information as may be requested including copies of patient records.

7.1.1.2 Submission of false information or omission of pertinent information shall constitute a fraudulent application for which, upon discovery, membership on the Medical Staff or Clinical Privileges may be denied or revoked by the Board after considering the recommendation of the Executive Committee.

7.1.1.3 An application shall be deemed complete when all requested information has been received and verified and the Executive Committee has determined that sufficient information and documentation have been received for evaluation of the applicant’s qualifications. The burden of producing all information necessary for the evaluation of the applicant’s qualifications shall be upon the applicant. If the applicant fails to submit any requested information or verification within sixty (60) calendar days after being requested to do so, the application shall be deemed to be incomplete and withdrawn, and the application returned to the applicant, unless the time to obtain the information is extended by the person or committee requesting the information.
7.1.2 Grounds for Not Providing Application Form. No application shall be provided to an individual, nor shall an application be accepted from a proposed applicant, if:

7.1.2.1 The Medical Executive Committee determines that the Hospital does not have the ability to provide adequate facilities or services for the applicant to perform the services that are needed or the patients to be treated by the proposed applicant;

7.1.2.2 The Medical Executive Committee determines that the requested membership, assignment, or all requested privileges would be inconsistent with the Hospital’s mission and ethical standards or plan of development, including the mix of patient care services to be provided;

7.1.2.3 The Medical Executive Committee determines that the Hospital has contracted on an exclusive basis with an individual or group to provide the clinical services sought by the applicant and the applicant is not affiliated with the contracted individual or group;

7.1.2.4 The Practitioner does not meet the requirements of section 4.2 (basic qualifications), section 4.6 (board certification); or section 4.7.7 (malpractice insurance);

7.1.2.5 The Practitioner is not a type of Advanced Practice Provider approved by the Board to provide patient care services in the Hospital; or

7.1.2.6 The Practitioner has provided materially false or misleading information on any pre-application questionnaire or in connection with the pre-application review process.

All affected Operating Units will be notified of any denials for a request for an application.

No prospective applicant shall be entitled to a hearing if the Hospital refused to provide an application pursuant to this Section 7.1.2.

7.1.3 Consent and Release by Applicant. By submitting an application, the applicant:

7.1.3.1 agrees to appear and be examined in regard to his/her application;

7.1.3.2 authorizes the Hospital to consult with individuals and organizations who may have information bearing on the applicant’s qualifications;
7.1.3.3 consents to the release of and the Hospital’s inspection of all records and documents bearing on the applicant’s qualifications;

7.1.3.4 releases from liability all individuals and organizations who, at the Hospital’s request, provide information relating to the applicant’s qualifications;

7.1.3.5 agrees that the Hospital may provide and receive from other Inova Hospitals and affiliated physician groups with which the Practitioner may be associated information related to the Practitioner’s clinical performance, outcomes, conduct, and competence, including information concerning any review conducted concerning clinical activities or conduct, and all credentialing and privileging information; and

7.1.3.6 releases from liability the Hospital and its representatives who have any responsibility for giving, obtaining or evaluating the applicant’s Clinical Privileges or appointment.

7.1.4 Agreement by Applicant. The application form shall include a statement that the applicant has read these Bylaws, and the Rules and Regulations of the Medical Staff and that the applicant agrees to be bound by the terms thereof and of any amendments thereto relating to consideration of his/her application whether or not the applicant is granted Medical Staff membership or Clinical Privileges.

7.1.5 Action by Administrator. Upon receipt of the application, and the processing fee if applicable, at the direction of the Administrator, representatives of the Medical Staff Office shall verify the information about the applicant’s licensure, specific training, experience, and current competence provided by the applicant with information from the primary sources, whenever feasible, and other relevant information and documentation pertinent to the application. Representatives of the Medical Staff Office shall request information concerning the applicant from the National Data Bank established by the United States Department of Health and Human Services, and promptly notify the applicant of any gaps in or any problems in obtaining the information required. When collection and verification is accomplished, the Medical Staff Office shall transmit the application and all supporting materials to the Department Chair.

7.1.6 Action by Department Chair. The Chair or Section Chief of each department/section in which the applicant seeks privileges shall review the application and its supporting documentation, interview the applicant, and submit to the Credentials Committee a written report of his/her findings which shall be made a part of the application file. The interview shall follow a protocol that involves, at minimum: a detailed oral description by the applicant of his/her formal training and experience to date; specific review of
each Clinical Privilege being requested and the application evidence supportive thereof, and analysis of clinical situations by the applicant with his/her discussion of how he/she would approach diagnosing and/or resolving the problem presented. The Chair or Section Chief may choose to waive the interview requirement for an applicant submitting a reappointment application or a request for a change in Clinical Privileges. The applicant shall provide any additional information requested by the Chair or Section Chief.

7.1.7 Action by Credentials Committee.

7.1.7.1 The Credentials Committee shall examine and investigate the qualifications, professional competence, ethics and character of the applicant by review of the application, and by making such further investigation as it may deem necessary which shall be made expeditiously. The Credentials Committee may conduct an interview with the applicant or designate one or more of its members to do so. The applicant shall provide any additional information requested by the Credentials Committee.

7.1.7.2 The Credentials Committee shall forward its determinations and recommendations regarding the applicant’s appointment or reappointment to the Medical Staff or granting of Clinical Privileges to the Executive Committee. Such determinations and recommendations shall be in writing and shall include a summary of the information reviewed and the grounds upon which its decisions are based.

7.1.8 Action by Executive Committee.

7.1.8.1 At its next regular meeting after receipt of the completed application and the recommendations of the Credentials Committee, the Executive Committee shall recommend to the Board, as appropriate, that the applicant be provisionally appointed or reappointed to a specified category of the Medical Staff or rejected for membership on the Medical Staff, that the Clinical Privileges requested be granted, granted with modifications or denied, or that the application be deferred for not more than sixty (60) days for further consideration. Such recommendations shall include a summary of the information reviewed and the grounds upon which its decisions are based. The application may be returned to the Credentials Committee with direction that specified additional information be obtained promptly. After receipt of the specified additional information, the Executive Committee shall act on the application at its next regular meeting.

7.1.8.2 If the recommendation of the Executive Committee is in favor of appointment or reappointment and/or in favor of granting the
Clinical Privileges requested, it shall be forwarded with the completed application file to the Board. All favorable recommendations must specifically delineate the Clinical Privileges recommended to be granted, which may be qualified by probationary or supervisory conditions relating thereto.

7.1.8.3 The Administrator shall have the authority to grant interim privileges to an applicant for Medical Staff membership or clinical privileges following the recommendation of the Executive Committee and pending the approval of the Board.

7.1.8.4 If the recommendation of the Executive Committee is adverse to the applicant, the Administrator shall promptly notify the applicant of such adverse recommendation and any right to a hearing under Article 11 by certified mail, return receipt requested. Applicants not entitled to a hearing under Article 11 shall have their complete application file, including the recommendation of the Executive Committee, forwarded to the Board.

7.1.9 Action by Board.

7.1.9.1 If the recommendation of the Executive Committee is favorable to the applicant, the Board shall act on the application at its next regular meeting after it receives the complete application file.

7.1.9.2 If after reviewing the complete application file, and all recommendations, the Board does not concur with the recommendation of the Executive Committee, before the Board renders its final decision, the matter shall be reviewed by a committee composed of six (6) members, three of whom shall be appointed by the President of the Medical Staff and three of whom shall be appointed by the Chair of the Board and the recommendation of this committee shall be considered by the Board in making its final decision.

7.1.9.3 If the recommendation of the Executive Committee or the action of the Board under Section 7.1.9.1 is adverse to the applicant, the Board shall take final action on the application after all of the applicant’s rights under Article 11 have been exhausted or waived.

7.1.9.4 The Board may refer an application back to the Executive Committee for reconsideration. Each such referral shall be in writing and shall state the reason therefore and shall set a time limit within which a reconsidered recommendation shall be made and the Board shall then act not later than its next regular meeting after it receives the reconsidered recommendation.
7.1.9.5 A final decision by the Board shall state whether appointment to the Medical Staff has been approved or denied or whether Clinical Privileges have been approved or denied. All favorable decisions shall include a delineation of the Clinical Privileges to be granted. All adverse decisions shall state the reasons for denial.

7.1.9.6 Written notice of the Board’s final decision shall be given to the Administrator, the Chair of the Executive Committee, and to the Department Chair concerned. The Administrator shall promptly notify the applicant of the Board’s final decision by certified mail, return receipt requested.

7.1.9.7 A final decision by the Board which adversely affects the Clinical Privileges of a Practitioner shall be reported to the Virginia State Board of Medicine, the Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia State Board of Nursing, in accordance with statutory requirements.

7.1.10 Reapplication After Adverse Recommendation by the Executive Committee or Decision by Board. An applicant who has withdrawn an application or who has resigned his/her Clinical Privileges or Medical Staff membership after receiving notification of an adverse recommendation by the Executive Committee, or who has received a final adverse decision regarding appointment, Clinical Privileges, or Medical Staff membership from the Board shall not be eligible to reapply to the Medical Staff or for Clinical Privileges unless the Board expressly provides otherwise. A reapplication shall be processed as an initial application, and the applicant shall submit such additional information as the Executive Committee or the Board may require in demonstration that the basis for the earlier adverse recommendation or action no longer exists.

7.1.11 Requests for Modification of Appointment or Clinical Privileges.

7.1.11.1 A member of the Medical Staff may, either in connection with reappointment or at any other time, request modification of his/her staff category, department/section assignment, or Clinical Privileges by submitting such request in writing to the Administrator, Department Chairman and/or President of the Medical Staff.

7.1.11.2 Such written request for modification shall be processed in substantially the same manner as provided in this Article 7 and shall be subject to the provisional appointment requirement in Section 4.10.

7.2 Reappointment Application.
7.2.1 The Hospital shall, at least 120 days prior to expiration date of the present staff appointment of each Medical Staff member, provide such staff member with a reappointment application form. The applicant for reappointment shall, at least 90 days prior to such expiration date, send a completed reappointment application form to the Administrator. Failure, without good cause, to timely return the completed form shall result in automatic termination of Medical Staff membership and Clinical Privileges at the expiration of the Practitioner’s current appointment or clinical privilege period.
ARTICLE 8
CLINICAL PRIVILEGES

8.1 Delineation of Clinical Privileges.

8.1.1 Every applicant for Medical Staff appointment, reappointment and/or Clinical Privileges must request specific Clinical Privileges. Evaluation of such requests shall be based upon the applicant’s background, education, training, experience, licensure, professional competence, demonstrated ability, judgment, references, specific recommendation of the applicable department to the Credential Committee, and other relevant information. The burden of establishing the applicant’s qualifications and of providing adequate information to enable evaluation shall be upon the individual who requests Clinical Privileges. No individual shall be entitled to Clinical Privileges merely by virtue of the fact that the individual is licensed to practice any of the healing arts, or that the individual is a member of some professional organization, or that the individual has in the past, or presently has, Clinical Privileges at the Hospital or any other health care facility. The ability of the Hospital to provide adequate facilities and supportive services for the applicant and patients of the applicant, and the Hospital’s patient care needs for additional Practitioners with the applicant’s skill and training, shall be considered in determining whether to grant Clinical Privileges.

8.1.2 Periodic redetermination of Clinical Privileges and the enlargement or curtailment of same shall be based upon the observation of care provided, review of the records of patients treated in the Hospital or at other health care facilities, review of the records of the Medical Staff and the Hospital which document the evaluation of the Practitioner’s participation in the delivery of quality medical care, reports of Medical Staff and Hospital committees whose functions are to review, evaluate or monitor the quality of all patient care, consideration of the Practitioner’s mental and physical status, and consideration of any other information regarding the Practitioner which would have a bearing on providing quality care to patients.

8.1.3 Clinical Privileges shall be granted for a period of no longer than twenty-four (24) months. Renewal of Clinical Privileges shall be considered in accordance with this Article 8.

8.1.4 A Practitioner shall exercise only those Clinical Privileges that are specifically and expressly granted to the Practitioner by the Board. Specific Clinical Privileges shall be based on education, training, experience, current licensure, professional competence, demonstrated ability and judgment.

8.1.5 Permission to participate on the Emergency Room On-Call Roster shall not be considered a right of Medical Staff membership. Denial of permission to participate on the Emergency Room On-Call Roster shall not entitle the individual requesting permission to the rights accorded in Article 11.
8.1.6  All Practitioners having Clinical Privileges in other departments and/or sections shall have privileges in the Emergency Department consistent with the privileges extended in their clinical services.

8.2  Special Situations.

8.2.1  Oral Surgeons’ and Dentists’ Clinical Privileges. Privileges granted to Dentists and Oral Surgeons shall be limited to the examination, diagnosis, treatment, and care of conditions of the teeth, gingivae and contiguous structures.

8.2.1.1  Oral Surgeons. The scope and extent of surgical procedures that each Oral Surgeon may perform must be specifically defined in the same manner as other surgical privileges. Surgical procedures performed by Oral Surgeons shall be under the overall supervision of the Chair of the Department of Surgery. Oral Surgeons who are members of the Medical Staff and who have Clinical Privileges shall be entitled to admit patients to the Hospital. Oral Surgeons who admit patients without medical problems (American Society of Anesthesiologists Classification 1 or 2) may perform the medical history and physical examination if they have been granted appropriate Clinical Privileges. In complicated cases, a Physician member of the Medical Staff shall be designated by the admitting Oral Surgeon in the patient chart at the time of admission. The designated Physician shall be responsible for the general medical condition of the patient and the patient’s medical care, including the medical history and physical examination. Dental care and the dental history and dental physical examination shall be the responsibility of the Oral Surgeon. When there is a designated Physician participating in the care of the complicated patient, the patient may be discharged only on the written orders of the designated Physician and the Oral Surgeon. The Oral Surgeon may discharge the patient in uncomplicated cases in which there is not a designated Physician participating in the care. Each Practitioner is responsible for the proper completion of their portion of the patient’s medical record.

8.2.1.2  Dentists. Dentists who are members of the Medical Staff shall be entitled to admit patients to the Hospital. A Physician member of the Medical Staff shall be designated by admitting Dentists in the patient chart at the time of admission. The designated Physician shall be responsible for the general medical condition of the patient and the patient’s medical care, including the medical history and physical examination. Patients of a Dentist shall be discharged only on the written orders of the Dentist and the designated Physician, and each is responsible for the proper completion of his/her respective portion of the patient’s medical record.
8.2.2 Podiatrists’ Clinical Privileges. Podiatrists who are members of the Medical Staff shall be entitled to admit patients to the Hospital. Podiatrists who admit patients to the hospital without medical problems (American Society of Anesthesiologists Classification 1 or 2) may perform the medical history and physical examination if they have been granted appropriate Clinical Privileges. In complicated cases, a Physician member of the Medical staff shall be designated by the admitting Podiatrist in the patient chart at the time of admission. The designated Physician shall be responsible for the general medical condition of the patient and the patient’s general medical care, including the medical history and physical examination. Podiatric care and the podiatric history and physical examination shall be the responsibility of the Podiatrist. When there is a designated Physician participating in the care of the complicated patient, the patient may be discharged only with the concurrence of the designated Physician and Podiatrist. The Podiatrist may discharge the patient in uncomplicated cases in which there is not a designated Physician participating in the care. Each Practitioner is responsible for the proper completion of their portion of the patient’s medical record.

8.2.3 Temporary Privileges. The Administrator, upon the recommendation of the Chair of the Department or Chief of the Section concerned, shall have the authority to grant temporary Clinical Privileges to a Physician, Dentist, Podiatrist, Oral Surgeon or Advanced Practice Provider, who does not currently have Clinical Privileges at the Hospital. The Practitioner may request on the prescribed form Clinical Privileges to participate in the care of a single, currently hospitalized patient. The recommendation of the Department Chair or Section Chief must affirmatively state that he/she is satisfied as to the competence and ethical standing of the Practitioner, that the Practitioner is duly licensed in the Commonwealth of Virginia, and that the person has satisfied the requirement of Section 4.7.7 regarding professional liability insurance. In exercising such privileges, the Practitioner shall act under the supervision of the Chair of the department or Chief of the section to which the individual assigned. Temporary privileges may be terminated at any time by the Administrator upon recommendation of the Chair of the department or Chief of the section concerned and the person shall not be entitled to the rights accorded in Article 11. Temporary privileges shall be granted for a period not to exceed thirty (30) days.

8.2.4 Privileges to Fulfill an Important Patient Care, Treatment, and Service Need. The Administrator or designee, upon the unanimous recommendation of the President of the Medical Staff, Chief Medical Officer, Chair of the Credentials Committee, Chair of the Department and Section Chief (if applicable) concerned, shall have the authority to grant temporary Clinical Privileges to a Physician, Dentist, Podiatrist, Oral Surgeon or Advanced Practice Provider who does not currently have Clinical Privileges at the Hospital to fulfill an important patient care, treatment, and/or service need at the Hospital.
The Practitioner shall complete an application and submit it to the Administrator in writing on prescribed forms in accordance with the application process outlined in Section 7.1.1 of the Bylaws. At a minimum, the following credentialing criteria must be verified before privileges under this Section 8.2.4 can be granted: duly licensed in the Commonwealth of Virginia; professional liability insurance in accordance with Section 4.7.7; AMA profile or other verification of education and training; National Practitioner Data Bank report; board certification or eligibility status; three peer references; and interview with the appropriate Department Chair. The recommendation of the Department Chair must affirmatively state that he/she is satisfied as to the competence and ethical standing of the Practitioner.

In exercising privileges granted under this Section 8.2.4, the Practitioner acts under the supervision of the Chair of the Department or Chief of the Section to which the individual is assigned. Such privileges may be terminated at any time by the Administrator upon recommendation of the Chair of the Department or Chief of the Section concerned, and the person shall not be entitled to the rights accorded in Article 11.

Privileges under this Section 8.2.4 shall be granted for a period not to exceed 90 days. Further, such privileges may be granted to applicants in the appointment process and may only be granted when the Administrator and the above mentioned Medical Staff representatives have determined that the applicant will help to fulfill an important patient care, treatment and/or service need at the Hospital. If the applicant for privileges under this Section 8.2.4 is also applying for Medical Staff membership and Clinical Privileges, the application for such membership and privileges will continue to be processed under Article 7.

This process is categorically not intended to be a mechanism for accelerating the granting of privileges through the usual credentialing process in the absence of an important patient care, treatment and/or service need at the Hospital. Additionally, the granting of privileges under this Section 8.2.4 shall not obligate the Hospital to grant membership and privileges under any other section of the Bylaws.

8.2.5 Locum Tenens Privileges. Upon application on prescribed written form to the Administrator, a Physician, Dentist or Podiatrist serving as a locum tenens for a member of the Medical Staff may be granted Clinical Privileges to attend currently hospitalized patients of the member without applying for membership on the Medical Staff for a period not to exceed sixty (60) days. A Physician, Dentist or Podiatrist requesting privileges to serve as a locum tenens must make full disclosure of the credentials information required. This information must be submitted at least thirty (30) days prior to assuming responsibilities as a locum tenens. Providing all the credentials of the Physician, Dentist or Podiatrist are approved by the Chair of the department concerned, the Executive Committee and the Administrator, the Administrator
shall notify the Practitioner, in writing, that the locum tenens is granted. The Practitioner shall sign a statement acknowledging that he/she has read and agrees to abide by the Medical Staff Bylaws, Rules and Regulations and to adhere to any reporting requirements and practice restrictions placed on the privileges. Practitioners granted locum tenens privileges shall not be permitted to participate in the Emergency Department On-Call Roster.

8.2.6 Emergency Privileges. In case of an emergency any Practitioner, to the degree permitted by his/her license, and regardless of privileges, department or Medical Staff status, or lack thereof, shall be permitted to do everything in his/her power to save the life of, or to prevent serious permanent harm to, a patient, including the calling of such consultation as may be available. When an emergency no longer exists, to continue to treat the patient, the Practitioner must request the necessary Clinical Privileges. In the event such request is denied or the Practitioner does not desire to request the Clinical Privileges, the patient shall be assigned to an appropriately privileged member of the Medical Staff. For the purpose of this Section, an “emergency” is defined as a condition in which the patient is in immediate danger of serious permanent harm, or in which the patient’s life is in immediate danger, and in which any delay in administering treatment would add to such danger.

8.2.7 Disaster Privileges In The Event of An Emergency Occurrence or Disaster.

8.2.7.1 For the purpose of this section an “emergency occurrence or disaster” is defined as any officially declared emergency, whether local, state or national, in which the Hospital emergency management plan has been activated, and serious or permanent harm would result to patients or the lives of patients would be in immediate danger with any delay in administering treatment.

8.2.7.2 In circumstances of an emergency occurrence or disaster in which the emergency management plan has been activated, the Administrator or President of the Medical Staff or their designee(s) may grant disaster privileges to a practitioner who is not a member of the medical staff. Emergency privileges are intended for the duration of the emergency only. Those with authority so designated have the right to deny emergency privileges and immediately terminate emergency privileges without notice.

8.2.7.3 Identification of volunteer physicians and/or health care practitioners for the granting of disaster privileges must include the following documents: A valid government issued photo identification issued by a state or federal agency (for example, driver’s license or passport) AND one of the following:

a. A current picture ID from a hospital that clearly identifies professional designation;

b. A current license to practice;
c. Primary source verification of a license to practice;

d. Identification indicating that the individual is a member of a recognized state or federal organization or group specifically organized to provide services in emergency occurrences and/or disasters;

e. Identification indicating that the individual has been granted authority to render patient care, treatment or services in emergency occurrences and/or disasters by a federal state or municipal government entity; or

f. Identification by at least one current hospital or medical staff member who possess personal knowledge regarding the individual’s ability to act as a licensed independent practitioner during a disaster.

8.2.7.4 Barring severe circumstances making this action impossible, primary source verification of the documentation presented under Section 8.2.7.3 must be accomplished within seventy-two (72) hours from the time a volunteer requests disaster privileges. Should severe circumstances from the disaster exist, such verification must still be performed as soon as possible, with documentation in the meantime of the reasons why it could not be accomplished, as well as with documentation of the demonstrated ability of the volunteer to provide adequate care, treatment and services.

8.2.7.5 The disaster-privileged practitioner will be identified with a standard hospital ID badge to be worn at all times when in the hospital.

8.2.7.6 The disaster-privileged practitioner shall be assigned to an appropriate department/section of the medical staff, and supervisory authority granted to the respective Department Chair, Section Chief or other appropriate designated physician.

8.2.7.7 The President of the Medical Staff or designee will determine within seventy-two (72) hours of initially granting the disaster privileges to an individual whether to continue them, based on information obtained regarding the professional practice of the volunteer as well as any new background information obtained since the initial granting of disaster privileges. Once the immediate emergency or disaster situation is under control, the process of verifying the credentials of any volunteer is a high priority and is accomplished using the procedure identical to that of granting temporary privileges.

8.2.8 Telemedicine Privileges. Telemedicine is defined as the medical diagnosis, management, evaluation, treatment or monitoring of injuries or diseases
through the use of communication technology. The Board will determine what clinical services may be provided through telemedicine after considering the recommendations of the appropriate department chair, the Credentials Committee and the Executive Committee.

8.2.8.1 Practitioners who diagnose and treat Hospital patients via telemedicine link need not be members of the Medical Staff but shall be privileged and credentialed in accordance as those for membership on the Medical Staff, provided, however, if permitted by law, regulations and any applicable accreditation standards the Hospital may obtain and rely on information and documentation related to the Practitioner’s qualifications and competence provided by the site or organization where the Practitioner is located if that site meets all requirements of the Centers for Medicare & Medicaid Services and appropriate accreditation agencies and is accredited by The Joint Commission or another accreditation organization approved by Centers for Medicare & Medicaid Services to grant deemed status. The Hospital may verify directly through original sources such information as the Hospital deems appropriate.

8.2.8.2 All Practitioners providing telemedicine services must be properly licensed, certified, and/or permitted to practice in the Commonwealth of Virginia.

8.2.8.3 The granting of telemedicine privileges shall be at the discretion of the Executive Committee and the Board. Such privileges may be terminated or withdrawn at any time by the Board or Administrator, with or without cause, after consultation with the Chair of the appropriate department and the President of the Medical Staff. Practitioners with telemedicine privileges shall not be entitled to a hearing or other review procedures pursuant to these Bylaws unless action is taken with regard to a Practitioner which is required to be reported to the National Practitioner Data Bank or a state licensing or disciplinary agency.
ARTICLE 9
CORRECTIVE ACTION

Recognizing that while each of the Inova Hospitals maintains an independent Medical Staff responsible through duly appointed committees for reviewing, evaluating, and making recommendations regarding the quality or adequacy of professional services rendered at each Inova Hospital, the actions of each Medical Staff are subject to the ultimate authority of the governing body of the Inova Health System Foundation, and the Board, the Physicians, Dentists, and Podiatrists practicing at the Hospital have determined that the interests of the patients and the interests of Practitioners in a fair, efficient resolution of professional review actions are best served by a coordinated, consistent, and streamlined process among the Inova Hospitals for addressing professional review actions as set forth in Articles 9, 10, and 11 of the Bylaws.

9.1 Request for Corrective Action. Whenever the performance, activities or professional conduct of any Medical Staff member or individual granted Clinical Privileges (hereinafter “Practitioner”) is or is reasonably likely to be detrimental to patient’s safety or quality patient care, unethical, below the standards of the Medical Staff, or to be disruptive to the operations of the Hospital or the Medical Staff, or in violation of these Bylaws, the Medical Staff Rules and Regulations, Department Rules and Regulations, or any policies of the Hospital, corrective action against such Practitioner may be requested by any Officer of the Medical Staff, by the Chair of any department, by the Chief of any section, by the Chair of any standing committee of the Medical Staff, by any member of the Active Staff, by the Administrator or by a designee acting in the Administrator’s absence, or by any member of the Board. Corrective action shall include but not be limited to requiring consultation, supervision or additional training, probation, suspension or expulsion from the Medical Staff, and reduction, suspension or revocation of Clinical Privileges. All requests for corrective action shall be in writing, shall be made to the Executive Committee, shall state the specific action requested, and shall be supported by reference to the specific activities or conduct which constitutes the grounds for the request.

Initiation of corrective action does not preclude imposition of summary suspension pursuant to Article 10 of these Bylaws, nor does it require summary suspension.

9.2 Investigation.

9.2.1 Upon receipt of a request for corrective action, the Executive Committee shall forward such request for investigation to the Chair of the department wherein the Practitioner has Clinical Privileges. In the event of extenuating circumstances (e.g., request for corrective action involves a Department Chair), the request shall be forwarded to a member of the Active Staff selected by the Executive Committee. Investigation shall begin immediately upon receipt of the request by the Department Chair or such Active Staff member. The Chair of the Executive Committee also may appoint, or the Department Chair or Active Staff member appointed by the Executive Committee may request that the Chair of the Executive Committee appoint an ad hoc committee to conduct the investigation. The Chair of the Executive Committee
Committee shall appoint the Chair of the ad hoc committee. The Practitioner who is the subject of the inquiry shall be notified if an ad hoc committee is appointed.

9.2.2 Within thirty (30) days after receipt of the request for corrective action from the Executive Committee, the Department Chair or selected Active Staff member or ad hoc committee, if appointed, shall make a written report of his/her investigation to the Executive Committee, and shall include a recommendation as to any corrective action to be taken. Prior to the making of such report, the Practitioner against whom corrective action has been requested shall have an opportunity for an interview with the person conducting the investigation or the ad hoc committee. At such interview the Practitioner shall be informed of the general nature of the matters being investigated concerning the Practitioner’s conduct, and shall be invited to discuss, explain or refute the matters under investigation. This interview shall not constitute a hearing, shall be preliminary in nature, and none of the procedural rules provided in these Bylaws with respect to hearings shall apply thereto. The Practitioner and the person conducting the investigation or the ad hoc committee may be represented by counsel, but counsel shall not be permitted to call or cross-examine witnesses. A record of such interview, if held, shall be made by the person conducting the investigation or a member of the ad hoc committee and included with his/her report to the Executive Committee.

9.3 Action by Executive Committee.

9.3.1 As soon as practicable, but no more than thirty (30) days, following the receipt of the report made by the Department Chair, selected Active Staff member, or ad hoc committee, the Executive Committee shall take action upon the request. If the corrective action originally requested or the corrective action recommended by the person or ad hoc committee conducting the investigation involves a reduction, suspension, or revocation of Clinical Privileges, or a suspension or expulsion from the Medical Staff, the affected Practitioner shall be permitted to make an appearance at a meeting of the Executive Committee prior to its taking action on such request or recommendation. This appearance shall not constitute a hearing, shall be preliminary in nature, and none of the procedural rules provided by the Bylaws with respect to hearings shall apply thereto. The Practitioner and the Executive Committee may be represented by counsel at this meeting, but counsel shall not be permitted to call and cross-examine witnesses. A record of such appearance shall be made by the Executive Committee.

9.3.2 The Executive Committee may take such action as it deems appropriate, including but not limited to: issuing a warning, a letter of admonition, or a letter of reprimand; imposing terms of probation; requiring supervision, consultation or additional training; recommending reduction, suspension or revocation of Clinical Privileges and in the case of suspension, the duration of
such suspension; recommending that an already imposed summary suspension of Clinical Privileges be terminated, modified or sustained; or recommending that Medical Staff membership be suspended or revoked.

9.3.3 Administrator shall notify the affected Practitioner, in writing, of the action of the Executive Committee. The Chair of the Executive Committee shall notify the Executive Committee of each Inova Hospital at which the Practitioner has Clinical Privileges of the action of the Hospital’s Executive Committee by delivering written notice of the recommendation to the Chairs of such Executive Committees. Actions by the Executive Committee, other than those specified in Section 9.3.4, shall not be subject to the provisions of Article 11.

9.3.4 Any recommendation by the Executive Committee for reduction, suspension or revocation of Clinical Privileges or for suspension or expulsion from the Medical Staff shall entitle an affected Practitioner to the procedural rights provided in Article 11. A practitioner shall not be entitled to a hearing for those matters identified in Section 11.1.1.

9.3.5 The Chair of the Executive Committee shall promptly notify the Administrator in writing of all requests for corrective action received by the Executive Committee and shall continue to keep the Administrator fully informed of all action taken in connection therewith.

9.4 Procedure After Action of Executive Committee. All actions by the Executive Committee, other than those specified in Section 9.3.4 as entitling an affected Practitioner to the provisions of Article 11, shall be final and shall be effective at the Hospital immediately. Recommended corrective action by the Executive Committee specified in Section 9.3.4 as entitling an affected Practitioner to the provisions of Article 11 shall entitle the Practitioner to the procedures set forth in Article 11 of these Bylaws.

9.4.1 Any action by the Executive Committee shall be reported to the Board. The Board may, on its own initiative, take such further action as it deems necessary. If such further action is more adverse than what the Executive Committee and Practitioner already agreed to, the Practitioner shall be entitled to a hearing as set forth in Article 11.

9.5 Imposition of Corrective Action Based Upon Action Ratified by the Board. If an adverse recommendation regarding a practitioner’s clinical privileges or medical staff membership is made in accordance with the corrective action procedures set forth in the medical staff bylaws of any other Inova Hospital and is thereafter approved by a final decision of the Board of that Inova Hospital, then such decision shall be recognized and made effective at this Hospital.

9.6 Automatic Suspension or Revocation.

9.6.1 Automatic Suspension.
9.6.1.1 Failure to Complete Medical Records or Other Administrative Requirements. The Hospital may adopt rules, regulations, policies, and procedures relating to the completion of medical records, the completion of training for the Electronic Medical Record, vaccinations, and other administrative requirements. If any practitioner fails to fulfill the requirements of the policies and procedures adopted by the Hospital, the Clinical Privileges of the Practitioner may be administratively suspended pursuant to the policy. All policies and procedures subjecting Practitioners to such administrative suspension shall be subject to approval by the Executive Committee. A Practitioner so suspended shall continue to meet any obligation to the Emergency Department On-Call Roster, despite administrative suspension. A limited exemption from the suspension shall apply, permitting Practitioners to remain on the daily On-Call Roster in accordance with then-existing procedures, in order to provide adequate On-Call coverage for the Emergency Department. The administrative suspension shall remain in effect in other respects. In lieu of administrative suspension, the practitioner may be moved to the Community Physician Staff if the Hospital policy so provides and if the Practitioner qualifies.

9.6.1.2 Professional Liability Insurance. A suspension in the form of withdrawal of all Clinical Privileges, or permission to perform specified functions, shall be imposed automatically upon a Practitioner upon cancellation, restriction, or material adverse modification of the Practitioner’s professional liability insurance coverage, or failure to provide satisfactory evidence of professional liability insurance, and shall remain in effect until the Practitioner obtains and provides satisfactory evidence of such professional liability coverage as required by these Bylaws. If such professional liability coverage is not obtained within six (6) months from the date of suspension, the Practitioner’s Clinical Privileges, or permission to perform specified functions, may be revoked. The Board, upon the recommendation of the Executive Committee, may grant a limited exemption from suspension to a Practitioner or group of Practitioners whose insurance carrier has withdrawn from the state market without adequate notice. In such circumstances, the Board would establish a time frame in which Practitioners would reasonably be expected to obtain coverage. After the established deadline, suspension procedures as described above would be imposed.

9.6.1.3 Expiration of License. A suspension in the form of withdrawal of all Clinical Privileges shall be imposed automatically upon a Practitioner upon expiration of his/her Virginia License. If such license is not renewed within one hundred twenty (120) days from
the date of expiration, the Practitioner’s Clinical Privileges or permission to perform specified functions shall be automatically revoked.

9.6.2 Automatic Revocation.

9.6.2.1 Revocation or Suspension of License. Action by the Virginia State Board of Medicine, the Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia State Board of Nursing revoking or suspending a Practitioner’s license shall automatically terminate membership on the Medical Staff and shall automatically revoke all of the Practitioner’s Clinical Privileges.

9.6.2.2 Controlled Substances License. Action by the Drug Enforcement Agency revoking, suspending or limiting a Practitioner’s license to prescribe or dispense controlled substances shall automatically terminate membership on the Medical Staff and shall automatically revoke all of the Practitioner’s Clinical Privileges.

9.6.2.3 Medical Staff Dues. Failure to pay Medical Staff dues by the date established by the Executive Committee shall automatically terminate membership on the Medical Staff and shall automatically revoke all of the Practitioner’s Clinical Privileges.

9.6.3 Automatic suspensions or revocations as provided in Section 9.6 shall not be subject to the provision set forth in Article 11.

9.7 Effect of Resignation. If at any time after initiation of an action or procedure involving corrective action as provided in Article 9, summary suspension as provided in Article 10, an action or procedure based on an adverse recommendation for reappointment or renewal of Clinical Privileges under Article 7, or an action or procedure as provided in Article 11, a Practitioner submits a written resignation of his/her Medical Staff membership or Clinical Privileges, or requests that upon expiration of the Practitioner’s term of appointment or Clinical Privileges, the Practitioner not be reappointed or his/her Clinical Privileges not be renewed, such resignation or request shall be made a part of the Practitioner’s file with respect to the matter involved. Such resignation or request shall not terminate any action or procedure as set forth in Article 9, Article 10, or Article 11. Such resignation or request shall be reported to the Virginia State Board of Medicine, the Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia State Board of Nursing, in accordance with statutory requirements.
ARTICLE 10
SUMMARY SUSPENSION

10.1 Imposition of Summary Suspension. The President of the Medical Staff, the Chair of a department, the Chief of a section, the Executive Committee, and the Administrator shall each have the right, upon a determination that action must be taken immediately to protect the life, health, or safety of any individual or to reduce the substantial likelihood of imminent injury or damage to the health or safety of any patient, prospective patient, employee or other person, to summarily suspend the Clinical Privileges or any portion thereof of a Practitioner, and such summary suspension shall become effective immediately upon imposition. The individual who initiated the suspension shall promptly notify the Administrator of such actions. The Administrator shall then send the suspended Practitioner, by hand delivery and certified mail, return receipt requested, written confirmation of the suspension. Summary suspension may also be imposed pursuant to Section 10.1.4 of these Bylaws.

10.1.1 Suspension Pending Investigation. The same individuals shall also have the authority to summarily suspend a Practitioner’s Clinical Privileges for a period of no longer than fourteen (14) days in order to investigate and determine whether or not there is a need to suspend, restrict, or revoke a Practitioner’s Clinical Privileges. At the end of such fourteen (14) day investigation period, the suspension of privileges shall be terminated, unless summary suspension is imposed pursuant to Section 10.1. If such summary suspension is not imposed, corrective action may be initiated pursuant to Section 9.1 of these Bylaws.

10.1.2 Review by President of the Medical Staff. If summary suspension is imposed by anyone other than the President of the Medical Staff, the individual imposing the summary suspension shall immediately notify the President of the Medical Staff of the suspension. Within twenty-four (24) hours, the President of the Medical Staff shall consult with the individual who imposed the summary suspension and shall review the decision to impose summary suspension to determine whether the decision to impose summary suspension was arbitrary and capricious. The President of the Medical Staff may either ratify the decision to impose summary suspension or, with the consent of the individual who imposed the summary suspension, may lift the suspension. In the event of a disagreement between the President of the Medical Staff and the individual who imposed the summary suspension, the suspension shall remain in effect until reviewed by the Executive Committee, pursuant to Section 10.2 of these Bylaws. If the President of the Medical Staff and the individual who imposed the summary suspension agree to lift the suspension, the suspension shall be lifted immediately, but the matter giving rise to the suspension shall be referred to the Executive Committee for review. The President of the Medical Staff shall promptly notify the Administrator of his/her decision. The Administrator shall then send the suspended Practitioner, by hand delivery and certified mail, return receipt requested, written notice of the decision of the President of the Medical Staff. Any action required of the President of
the Medical Staff under this Section 10.1.2 may be taken by his/her designee if the President of the Medical Staff is unavailable.

10.1.3 Assignment of Patients. Immediately upon the imposition of a summary suspension, the President of the Medical Staff or the responsible Department Chair or Section Chief shall have authority to provide for alternative medical coverage for the patients of the suspended Practitioner remaining in the Hospital at the time of such suspension. The wishes of the patient shall be considered in the selection of such alternative Practitioner. Such summary suspension shall be reported to the Virginia State Board of Medicine, Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia Board of Nursing, in accordance with statutory requirements.

10.1.4 Suspension At Other Inova Hospitals. If the summary suspension imposed pursuant to Section 10.1 is not lifted by the President of the Medical Staff, with the consent of the individual who imposed the suspension, pursuant to Section 10.1.2, the summary suspension shall be effective at all Inova Hospitals at which the Practitioner has Clinical Privileges upon consultation with the Presidents of the Medical Staff of such other Inova Hospitals, or their respective designees, and receipt of notice of such suspension as provided in this Section. The President of the Medical Staff shall within twenty-four (24) hours of his/her consultation with the individual who imposed the suspension, consult with the President of the Medical Staff of each Inova Hospital at which the Practitioner has Clinical Privileges, or his/her designee, and furnish written notice of the summary suspension to each of the Executive Committees of the Medical Staffs of such Inova Hospitals. Such notice shall be sent such Executive Committees through their respective Chair(s), or their designees. Similarly, if a Practitioner’s Clinical Privileges at any other Inova Hospital are suspended summarily pursuant to the Medical Staff Bylaws of such other Inova Hospital, then the Clinical Privileges of such Practitioner shall be summarily suspended at the Hospital effective upon consultation with the President of the Medical Staff, or his/her designee, and receipt of written notice of the action taken as such other Inova Hospital, notwithstanding the fact that such suspension was not initiated at the Hospital pursuant to Section 10.1 of these Bylaws. In such event, the summary suspension shall remain in effect until lifted pursuant to the Bylaws of the Inova Hospital that initiated such suspension.

10.2 Executive Committee Review of Suspension. If the summary suspension imposed pursuant to Section 10.1 is not lifted by the President of the Medical Staff, with the consent of the individual who imposed the suspension, pursuant to Section 10.1.2, the Executive Committee of the Hospital shall meet to review and consider the summary suspension, unless the summary suspension was initially imposed by the Executive Committee. Such meeting shall be conducted within five (5) business days of the date upon which the President of the Medical Staff reviewed the suspension.
10.2.1 In the interest of scheduling a meeting within this time frame, and for purposes of a meeting pursuant to this Section 10.2, a Quorum of the Executive Committee shall consist of eight (8) voting members of the committee and, in the event a Quorum cannot otherwise be convened, members may participate by telephone. The Executive Committee shall use its best efforts to ensure that members participating by telephone are provided with copies of any documents or records presented at the meeting.

10.2.2 Upon request, the Practitioner may attend and make a statement concerning the issues under investigation, on such terms and conditions as the Executive Committee may impose. In no event, shall such meeting of the Executive Committee, with or without the Practitioner, constitute a hearing within the meaning of Article 10 or Article 11, nor shall any procedural rules apply. The Practitioner and the Executive Committee may be represented by counsel at this meeting, but counsel shall not be permitted to call and cross-examine witnesses.

10.2.3 The Executive Committee may modify the terms of the summary suspension or may recommend that it be continued indefinitely or for a specified period of time or terminated. The Executive Committee may also recommend revocation of the Practitioner’s Clinical Privileges. In such event, the suspension shall remain in effect pending any hearing and appellate review, but the revocation shall not be effective until and unless the Board approves the revocation of the Practitioner’s Clinical Privileges. The Executive Committee shall immediately notify the Administrator and the Executive Committees of each of the Inova Hospitals at which the Practitioner has Clinical Privileges of its action. If the Executive Committee immediately terminates the suspension, the suspension shall be immediately terminated at all Inova Hospitals at which the Practitioner has Clinical Privileges.

10.2.4 The Administrator or his/her designee shall then send the suspended Practitioner, by hand delivery and certified mail, return receipt requested, written notice of the decision of the Executive Committee. If the Executive Committee does not immediately terminate the suspension, such notice shall: (a) state the decision and the grounds upon which it is based; (b) advise the Practitioner of his/her right to a hearing as provided by these Bylaws, including a summary of rights provided at such a hearing as set forth in Sections 11.4 and 11.5; (b) specify that the Practitioner shall have thirty (30) days following the receipt of the notice within which to file with the Administrator a written request for a hearing or an appellate review; (d) state that failure to request a hearing or an appellate review within the said thirty (30) day period shall constitute a waiver of the Practitioner’s right to same; (e) state that if the Practitioner requests a hearing, the Practitioner will be notified of the date, time, and place for the hearing and the composition of the ad hoc hearing committee appointed to conduct such hearing; (f) state that the Practitioner may request that the hearing be held within fourteen (14) days of receipt by the Administrator of Practitioner’s request for a hearing; and (g)
advise the Practitioner of applicable legal requirements for reporting suspensions of Clinical Privileges to the Virginia State Board of Medicine, Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia Board of Nursing, in accordance with statutory requirements, and/or the National Practitioner Data Bank.

10.2.5 If the Executive Committee does not terminate the summary suspension immediately, the Practitioner shall be entitled to a hearing and appellate review pursuant to Sections 10.3 and 10.4 of these Bylaws. The terms of the summary suspension, as initially recommended by the Executive Committee, shall remain in effect pending any hearing and appellate review pursuant to Section 10.3 and 10.4 of these Bylaws. Any corrective action preceding that has already been initiated under the Bylaws and that has not been concluded shall be stayed during the summary suspension proceedings.

10.2.6 If one or more of the reasons for the summary suspension includes issues that had been raised in such corrective action proceeding, the notice of summary suspension may include those issues. Those issues shall be resolved through the summary suspension proceedings.

10.2.7 With regard to matters raised in the corrective action proceeding that do not form a basis for the summary suspension, the Executive Committee may reinstate the corrective action proceeding at the completion of any appellate review of the summary suspension.

10.3 Hearing Procedures.

10.3.1 When the Executive Committee does not immediately lift the summary suspension imposed against a Practitioner pursuant to Article 10 of these Bylaws, the Practitioner shall be entitled to a hearing conducted by an ad hoc hearing committee appointed pursuant to Section 11.4 of the Bylaws. If the recommendation of the hearing committee following such hearing is still adverse to the affected Practitioner, the Practitioner shall then be entitled to an appellate review provided in Section 10.4 before the Board makes a final decision on the matter.

10.3.2 Within three (3) business days after receipt of a request for hearing from a Practitioner entitled to the same, the Executive Committee shall schedule and arrange for such a hearing and shall, through the Administrator, notify the Practitioner of the time, place, and date so scheduled, by hand delivery and certified mail, return receipt requested. The Practitioner shall have the right to request that the hearing be held within fourteen (14) days of receipt of his/her request for a hearing by the Administrator. If the Practitioner does not make such request or unless otherwise agreed to by the parties, the date of the hearing shall not be less than thirty (30) days from the date of the notice of hearing.
10.3.3 The notice will identify the members of the hearing committee and a list of the witnesses, if any, expected to testify on behalf of the Hospital(s). This shall not preclude the Hospital(s) from identifying additional witnesses at the hearing, or from offering other witnesses at the hearing, providing advance notice is provided to the Practitioner consistent with Section 11.5.8.1.

10.3.4 The hearing committee shall be appointed in accordance with Section 11.4 of these Bylaws.

10.3.5 The procedures for the hearing before the hearing committee shall be governed by Section 11.5 of these Bylaws.

10.3.6 Within five (5) business days after a final adjournment of the hearing, the hearing committee shall make a written report and recommendation and shall forward the same together with the hearing record and all other documentation to the Chair(s) of the Executive Committees of the Inova Hospitals at which the Practitioner has Clinical Privileges. If a verbatim transcript of the hearing is made and is not available within such five day period, the transcript may be forwarded to the Chair(s) of the Executive Committees of the Inova Hospitals at which the Practitioner has Clinical Privileges as soon as reasonably possible, after submission of the hearing committee’s report and recommendation. The hearing committee may modify the terms of the summary suspension or may recommend that it be continued indefinitely or for a specified period of time or terminated. The hearing committee may also recommend revocation of the Practitioner’s Clinical Privileges at any or all Inova Hospitals at which the Practitioner has Clinical Privileges. In such event, the suspension shall remain in effect pending any appellate review, but the revocation shall not be effective until and unless the Board approves the revocation of the Practitioner’s Clinical Privileges. The Hospital shall promptly provide a copy of the written recommendation of the hearing committee, including a statement of the basis for the recommendation, to the Practitioner.

10.4 Appeal to Board.

10.4.1 Within thirty (30) days after receipt of notice by a Practitioner of an adverse recommendation of the Executive Committee, made after a hearing conducted by a hearing committee appointed pursuant to Section 11.4 of the Bylaws, the Practitioner may, by written notice to the Board, delivered to the Administrator, by certified mail, return receipt requested, request an appellate review be held only on the record on which the adverse recommendation or decision is based, as supported by the Practitioner’s written statement provided for below, or the notice also may request that oral argument be heard as part of the appellate review.

10.4.2 Such appellate review shall be conducted by the local Facility-Based Quality
Board ("Quality Board") or, in the alternative, by any other committee designated by the Board for this purpose, including the Board sitting as a committee of the whole.

10.4.3 If such appellate review is not requested within such thirty (30) day period, the Practitioner shall be deemed to have waived his/her right to such appellate review, and to have accepted such adverse recommendation or decision, and the same shall thereupon become effective and remain effective pending the Board’s and the Board shall make a final decision on the matter.

10.4.4 Within thirty (30) days after receipt of such notice of request of appellate review, the Quality Board or designated committee shall select a date for such review, including oral argument if such has been requested, and shall, by written notice sent by certified mail, return receipt requested, through the Administrator, notify the Practitioner of the date so scheduled or in the case of oral argument, of the time, place and date so scheduled. The Practitioner may request that the appellate review be held within fourteen (14) days of the Administrator’s receipt of Practitioner’s request for appellate review. If Practitioner does not make such request, the date of the appellate review shall not be less than ten (10) days, or more than thirty (30) days, from the date of mailing of the appellate review notice sent by the Administrator selected or in the case of oral argument, of the time, place and date selected.

10.4.5 The procedures for appellate review shall be governed in accordance with Section 11.6 of these Bylaws.

10.5 Final Decision by Board.

10.5.1 The Quality Board or the designated committee shall make a report to the Board setting forth the action recommended and the grounds for the recommendation.

10.5.2 Within thirty (30) days after receiving the report and recommendations, the conclusion of the appellate review Quality Board or the designated committee, or within thirty (30) days of receipt of the recommendation of the hearing committee if the Practitioner does not request appellate review the Board shall make its decision in the matter and such decision shall be made immediately effective and final and shall not be subject to further hearing or appellate review. The Board may affirm, modify or reject the recommendations of the Executive Committee, or of the hearing committee appointed by it, or in its discretion, refer the matter back to the Executive Committee for further review and recommendations within twenty (20) days. Such referral may include a request that the Executive Committee or the said hearing committee arrange for a further hearing to resolve specified dispute issues.
10.5.3 The appellate review shall not be deemed to be concluded until all of the procedural steps provided in this Article have been completed or waived. All action required of the Board may be taken by the Executive Committee of the Board.

10.5.4 The Board shall send notice thereof to the Executive Committee(s) of the Inova Hospitals at which the Practitioner has Clinical Privileges and, through the Administrator, to the Medical Staff member, by certified mail, return receipt requested, which shall include a statement of the basis for the final decision.

10.5.5 A final decision by the Board which adversely affects the Clinical Privileges of a Medical Staff member shall be reported to the Virginia State Board of Medicine, the Virginia State Board of Dentistry, the Virginia Board of Podiatry, or the Virginia Board of Nursing in accordance with statutory requirements and to the National Practitioner Data Bank if required.
ARTICLE 11
HEARING AND APPELLATE REVIEW PROCEDURE

11.1 Right to Hearing and Appellate Review.

11.1.1 When a Practitioner is given a notice of a recommendation of the Executive Committee that, if ratified by decision of the Board, will adversely affect the Practitioner’s appointment to or status as a member of the Medical Staff or which will result in a reduction, suspension or revocation of the Practitioner’s Clinical Privileges, the Practitioner shall be entitled to a hearing conducted by an ad hoc hearing committee appointed pursuant to Section 11.4 of the Bylaws. If the recommendation of the Executive Committee following such hearing is still adverse to the affected Practitioner, the Practitioner shall then be entitled to an appellate review provided in this Article 11 before the Board makes a final decision on the matter. Notwithstanding the foregoing, a practitioner shall not be entitled to a hearing for the following actions:

11.1.1.1 Change in staff category or denial of a request for change in staff category;

11.1.1.2 Denial of requested, department, section, or other clinical unit affiliation;

11.1.1.3 Minor reduction or limitation in existing clinical privileges;

11.1.1.4 The granting of substantially all, but not all, clinical privileges requested;

11.1.1.5 Denial of appointment, reappointment or clinical privileges due to failure to admit or treat a sufficient number of patients in the Hospital;

11.1.1.6 Placement on medical leave or refusal to terminate medical leave;

11.1.1.7 Letters of warning, reprimand, censure or admonition;

11.1.1.8 Imposition of monitoring, proctoring, supervision, consultation or review requirements, with no restriction on the ability to exercise privileges;

11.1.1.9 Requiring provision of information or documents, such as office records, or notice of events or actions;

11.1.1.10 Imposition of educational or training requirements;

11.1.1.11 Placement on probationary or other conditional status;
11.1.1.12 Refusal to place a practitioner on, or removal from, an on-call or interpretation roster, or requirement to serve on any such roster.

11.1.1.13 Appointment or reappointment for less than two years.

11.1.1.14 Continuation of provisional status.

11.1.1.15 Failure to process a request for a privilege when the applicant/practitioner does not meet the qualifications for Medical Staff membership or clinical privileges.

11.1.1.16 Initiation of any review or investigation including any Focused Professional Practice Evaluation or external review;

11.1.1.17 Imposition of a precautionary suspension during an investigation that does not exceed 14 calendar days;

11.1.1.18 Determination that an application is incomplete;

11.1.1.19 Expiration of membership and privileges as a result of failure to submit an application for reappointment within the allowable time period;

11.1.1.20 Removal from or limitation of emergency department call obligations;

11.1.1.21 Any requirement to complete a health and/or psychiatric/psychological assessment required under these bylaws; or

11.1.1.22 The refusal of the Board of Directors to grant a request for a waiver under Section 4.13.4.

11.1.2 When a Practitioner is given notice of a decision by the Board that will adversely affect the member’s appointment to or status as a member of the Medical Staff or which will result in a reduction, suspension or revocation of the Practitioner’s Clinical Privileges, and such decision is not based on a prior adverse recommendation by the Executive Committee with respect to which the Practitioner was entitled to a hearing and appellate review, the Practitioner shall be entitled to a hearing by a committee appointed by the Board, and if such hearing does not result in a favorable recommendation, to an appellate review by the Board, before the Board makes a final decision on the matter.

11.1.3 In a proceeding under Section 11.1.2, if the recommendation of the hearing committee appointed by the Board is favorable to the member of the Medical Staff, but the Board’s action after considering the recommendation of the hearing committee remains adverse to the member, the member shall be
entitled to a hearing before the Board, prior to a final decision by the Board on the matter.

11.4 All hearings and appellate review, except for those relating to summary suspension, shall be in accordance with the procedure set forth in Article 11. The provisions outlined herein shall apply only to those proceedings arising from circumstances delineated in Sections 11.1.1 and 11.1.2, and do not apply to informal sessions intended for interdisciplinary problem resolution.

11.2 Request for Hearing; Effect of Failure to Request.

11.2.1 The Administrator or his/her designee shall direct prompt written notice of an adverse recommendation or decision to any affected Practitioner who is entitled to a hearing or to an appellate review, by regular mail, hand delivery or email with sufficient confirmation of delivery as deemed appropriate by the Executive Committee. Such notice shall: (a) state the adverse recommendation or decision and the grounds upon which it is based; (b) advise the Practitioner of his/her right to a hearing or an appellate review as provided by these Bylaws, including a summary of rights provided at such a hearing as set forth in Sections 11.4 and 11.5; (c) specify that the Practitioner shall have thirty (30) days following the receipt of the notice within which to file with the Administrator a written request for a hearing or an appellate review; (d) state that failure to request a hearing or an appellate review within the said thirty (30) day period shall constitute a waiver of the Practitioner’s right to same; and (e) state that if the Practitioner requests a hearing or an appellate review, the member will be notified of the date, time and place for the hearing or appellate review.

11.2.2 The failure of a Practitioner to request a hearing to which he/she is entitled by these Bylaws within the time and in the manner herein provided shall be deemed a waiver of the Practitioner’s right to such hearing and to any appellate review to which the Practitioner might otherwise have been entitled on the matter.

11.2.3 When the hearing or appellate review waived relates to an adverse recommendation of the Executive Committee or of a hearing committee appointed by the Board, the same shall thereupon become effective and remain effective against the Practitioner pending the Board’s final decision on the matter. When the hearing or appellate review waived relates to an adverse decision by the Board, the same shall thereupon become effective and remain effective against the Practitioner in the same manner as a final decision of the Board. In either of such events, the Administrator shall promptly notify the affected Practitioner of the member’s status by certified mail, return receipt requested.
11.3 Notice of Hearing.

11.3.1 Within thirty (30) days after receipt of a request for hearing from a Practitioner entitled to the same, the Executive Committee or the Board, whichever is appropriate, shall schedule and arrange for such a hearing and shall, through the Administrator, notify the Practitioner of the time, place and date so scheduled, by certified mail, return receipt requested. Unless agreed to by the parties, the date of the hearing shall not be less than thirty (30) days from the date of the notice of hearing.

11.3.2 The notice will identify a list of the witnesses, if any, expected to testify on behalf of the Hospital. This shall not preclude the Hospital from identifying additional witnesses at the hearing, or from offering other witnesses at the hearing, providing advance notice is provided to the Practitioner consistent with Section 11.5.8.1.

11.4 Composition of Hearing Committee.

11.4.1 Appointment of Hearing Committee.

11.4.1.1 When a hearing relates to an adverse recommendation of the Executive Committee involving an application for appointment or reappointment to the Medical Staff, or when the Practitioner does not have Clinical Privileges at any other Inova Hospital, such hearing shall be conducted by an ad hoc hearing committee appointed by the Chair of the Executive Committee and consisting of at least three (3) members of the Active Staff when the adverse recommendation was made pursuant to Article 9 of these Bylaws and five (5) members of the Active Staff when the adverse recommendation was made pursuant to Article 10 of these Bylaws. Alternatively, in the case of an adverse recommendation made pursuant to Articles 9 or 10 of these Bylaws and upon written request of the Practitioner, such hearing may be conducted by an intramural ad hoc hearing committee consisting of an equal number of members of the Active Medical Staffs of each Inova Hospital, provided, however, that in no event shall the size of the hearing committee exceed twelve (12) members. The Chair of the Executive Committee of each Inova Hospital shall appoint members of the Active Staff of his/her hospital to serve on the intramural ad hoc hearing committee.

11.4.1.2 When a hearing relates to an adverse recommendation of the Executive Committee made pursuant to Article 9 of these Bylaws and the Practitioner has Clinical Privileges at another Inova Hospital, such hearing shall be conducted by an intramural ad hoc hearing committee consisting of at least six (6) but no more than twelve (12) members of the Active Medical Staffs of the Inova
Hospitals at which the Practitioner has Clinical Privileges. The Chair of the Executive Committee of each Inova Hospital at which the Practitioner has Clinical Privileges shall appoint up to three (3) members of the Active Staff of his/her hospital to serve on the intramural ad hoc hearing committee and each Hospital shall have equal representation on the intramural ad hoc hearing committee. The Chair of the Executive Committee of each Inova Hospital shall appoint members of the Active Staff of his/her hospital to serve on the intramural ad hoc hearing committee.

11.4.2 When a hearing relates to an adverse decision of the Board that is contrary to the recommendation of the Executive Committee, the Board shall appoint a hearing committee composed of not less than three (3) nor more than five (5) members of the Board to conduct such hearing, with one member designated as Chair.

11.4.3 The individuals appointed to any hearing committee under Sections 11.4.1 or 11.4.2 shall not be in direct economic competition with the Practitioner involved.

11.4.4 Hearing Officer. The President of the Medical Staff and the Administrator shall select a hearing officer to preside at the hearing. The hearing officer shall be an attorney or other individual familiar with procedures relating to peer review hearings.

11.4.4.1 The hearing officer shall rule on all procedural matters at the hearing, advise the members of the hearing panel concerning legal and procedural issues, rule on any objects of testimony or evidence that is offered at the hearing, decide whether evidence has sufficient relevance and reliability to be submitted to the hearing panel for consideration, rule on requests for postponements or extensions of time, and shall generally be responsible for regulating the proceedings.

11.4.4.2 The hearing officer shall have the authority to resolve all issues regarding scheduling of hearings, and shall have the authority to recess and reconvene the hearing, to impose time limits for examination and cross-examination of witnesses, and to limit the number of witnesses to be called by the Medical Staff or practitioner.

11.4.4.3 The hearing officer shall be available to the members of the hearing panel after the conclusion of the hearing to advise them on any procedural matters and to assist the panel with the preparation of their report and recommendations, but shall not vote on any recommendations.
11.4.4.4 The practitioner shall be notified of the name of the prospective hearing officer and if the practitioner has any objection to any hearing officer, the practitioner shall, within ten (10) calendar days after notification, state the objection in writing and the reasons for the objection. The President of the Medical Staff and the CMO shall, after considering such objections, decide in their sole discretion whether to replace any hearing officer objected to.

11.4.4.5 The hearing officer shall conduct a pre-hearing conference unless the parties all agree to waive the pre-hearing conference. At the pre-hearing conference the hearing officer may:

a. require that all documentary evidence and exhibits be exchanged and shall resolve any objections to proposed documentary evidence and exhibits;

b. ensure that the names of all proposed witnesses have been provided and that report or summaries of opinions of any experts have been provided;

c. establish the amount of time that shall be allotted to each side for the examination and cross-examination of witnesses, unless agreed upon by the parties; and/or

d. address any other issues relating to the conduct of the hearing.

11.5 Conduct of Hearings.

11.5.1 There shall be at least a majority of the members of the hearing committee present during the entire hearing proceedings, and only those present during the proceedings may vote.

11.5.2 An accurate record of the hearing must be kept. The means for preserving the record shall be established by the hearing committee, and may be accomplished by use of a court reporter, electronic recording unit, detailed transcription, or by the taking of adequate minutes. Copies of the record of the hearing may be obtained by the Practitioner after paying reasonable charges associated with the preparation of such documents.

11.5.3 No hearing shall be conducted without the personal presence of the affected Practitioner for whom the hearing has been scheduled unless the Practitioner waives such appearance or fails without good cause to appear for the hearing after appropriate notice. A Practitioner who fails without good cause to appear at such hearing shall be deemed to have forfeited his/her rights in the same manner as provided in Section 11.2.2 and to have voluntarily accepted the adverse recommendation or decision involved, and the same shall thereupon become effective and remain effective as provided in Section 11.2.3.
11.5.4 Requests by the Practitioner for postponement of the hearing shall be granted only for good cause shown and in the sole discretion of the Chair of the hearing committee.

11.5.5 The hearing need not be conducted strictly according to rules of law relating to the examination of witnesses or presentation of evidence. Any relevant matter upon which responsible persons customarily rely in the conduct of any serious affairs shall be considered, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence in a court of law. The Practitioner for whom the hearing is being held shall, prior to or during the hearing, be entitled to submit memoranda concerning any issue of procedure or of fact and such memoranda shall become part of the hearing record.

11.5.6 Official notice may be taken by the hearing committee, either before or after submission of the matter for decision, of any generally-accepted technical or scientific matter relating to the issues under consideration at the hearing and of any facts which may be judicially noticed by the courts of Virginia. The committee also shall be entitled to consider any pertinent material on file in the Hospital, and all other information which can be considered in connection with applications for appointment or reappointment to the Medical Staff and for Clinical Privileges pursuant to these Bylaws.

11.5.7 The Executive Committee, when its action is the subject of the hearing, shall appoint a member of the Active Staff to represent it at any hearing before a hearing committee to present the facts in support of its adverse recommendation. The Board, when its action is the subject of the hearing, shall appoint one of its members to represent it at any hearing before a hearing committee to present the facts in support of its adverse decision. It shall be the obligation of such representative to present appropriate evidence in support of the adverse recommendation or decision, but the affected Practitioner shall thereafter be responsible for supporting his/her challenge to the adverse recommendation or decision by presenting appropriate evidence. The burden shall be upon the Practitioner to show that the adverse recommendation is without factual basis or that it is arbitrary, unreasonable or capricious.

11.5.8 The Practitioner shall have the following rights at the hearing: to present witnesses, to introduce written evidence, to cross-examine any witnesses on any matter relevant to the issue of the hearing, to challenge any witness, to rebut any evidence and to have representation by legal counsel or another person of the Practitioner’s choice. If the Practitioner does not testify on his/her own behalf, he/she may be called and questioned by the hearing committee.

11.5.8.1 At least fifteen (15) business days prior to the hearing, the practitioner involved shall be sent by certified and regular mail:
a. a statement setting forth the reasons for the proposed action;

b. identifying any witnesses expected to testify before the panel in support of the recommendation under consideration; and

c. identifying all medical records or documents expected to be submitted to the panel for consideration.

11.5.8.2 If any expert witness is to be called as a witness in support of the recommendations of the Medical Staff at the hearing, the practitioner shall be told the identity of the experts to be called, provided a copy of the expert’s curriculum vitae, provided copies of any reports from the experts, or provided a written description of the substance of the expert’s testimony if there are no written reports, and provided copies of all documents or materials provided to the expert for review. No witness may be called on behalf of the Medical Staff, no testimony or opinions may be elicited from any expert, nor any documents submitted for consideration by the panel, which have not been disclosed in accordance with this section unless the hearing officer determines that any failure to disclose was unavoidable.

11.5.8.3 At least seven (7) business days prior to the hearing the practitioner shall provide to the Medical Staff the following:

a. a list of any witnesses the practitioner will call to testify;

b. a summary of the subject matter of the witnesses’ testimony and a copy of all documents the practitioner intends to introduce at the hearing;

c. if the practitioner intends to call any expert witnesses at the hearing, the member shall identify the experts to be called, provide copies of any reports from the experts, provide a copy of the witnesses’ curriculum vitae, and provide in writing a description of the substance of the witnesses’ testimony. No witness may be called on behalf of the practitioner, nor any documents submitted for consideration by the panel, which are not disclosed in accordance with this section unless the hearing officer determines that any failure to disclose was unavoidable; and

d. a statement setting forth the reasons why the practitioner contends that the adverse recommendation is unreasonable, inappropriate or lacks any factual basis.
11.5.8.4 The failure of the practitioner requesting a hearing to comply with the requirements related to the disclosure or exchange of information set forth in this Fair Hearing Plan, or ordered by the hearing officer, shall be deemed to be a withdrawal of the request for a hearing, the waiver of the right to a hearing, and agreement to and acceptance of the action recommended or proposed which is the subject of the hearing.

11.5.9 The hearing committee may order that oral evidence be taken on oath or affirmation administered by a Notary Public.

11.5.10 The Hospital/Executive Committee and the Board shall be entitled to representation by legal counsel at any hearing under these Bylaws. The hearing committee shall also be entitled to representation by legal counsel.

11.5.11 An intramural ad hoc hearing committee appointed pursuant to Section 11.4 of these Bylaws shall consider evidence relating to and shall make a recommendation regarding the imposition of corrective action or summary suspension at both the Hospital and at any other Inova Hospital at which the Practitioner has Clinical Privileges.

11.5.12 The hearing committee may, without special notice, recess the hearing and reconvene the same for the convenience of the participants or for the purpose of obtaining new or additional evidence or consultation. The Practitioner and the Hospital/Executive Committee shall have the right to submit a written statement at the conclusion of the presentation of oral and documentary evidence. Upon receipt of such written statements, the hearing shall be closed. The hearing committee may thereupon, at a time convenient to itself, conduct its deliberations outside the presence of the Practitioner for whom the hearing was convened.

11.5.13 Within thirty (30) days after a final adjournment of the hearing, the hearing committee shall make a written report and recommendation and shall forward the same together with the hearing record and all other documentation to the Executive Committees of the Inova Hospitals at which the Practitioner has Clinical Privileges or the Board, whichever appointed it. The report may recommend confirmation, modification, or rejection of the original adverse recommendation of the Executive Committee or decision of the Board. In the case of an intramural ad hoc hearing committee appointed pursuant to Section 11.4 of these Bylaws, the report may also recommend imposition of any adverse recommendation at one or more of the Inova Hospitals at which the Practitioner has Clinical Privileges. The Hospital shall promptly provide a copy of the written recommendation of the hearing committee, including a statement of the basis for the recommendation, to the Practitioner.

11.6 Appeal to Board.
11.6.1 Within thirty (30) days after receipt of notice by a Practitioner of an adverse recommendation of the Executive Committee, made after a hearing conducted by the Executive Committee or a hearing committee appointed pursuant to Section 11.4 of these Bylaws, or of an adverse recommendation of a hearing committee appointed by the Board, made after a hearing before such committee, the Practitioner may, by written notice to the Board, delivered to the Administrator, by certified mail, return receipt requested, request an appellate review be held only on the record on which the adverse recommendation or decision is based, as supported by the Practitioner’s written statement provided for below, or the notice also may request that oral argument be heard as part of the appellate review.

11.6.2 If such appellate review is not requested within such thirty (30) day period, the Practitioner shall be deemed to have waived his/her right to such appellate review, and to have accepted such adverse recommendation or decision, and the same shall thereupon become effective and remain effective pending the Board’s final decision on the matter.

11.6.3 Within thirty (30) days after receipt of such notice of request of appellate review, the Board shall schedule a date for such review, including oral argument if such has been requested, and shall, by written notice sent by certified mail, return receipt requested, through the Administrator, notify the Practitioner of the date so scheduled or in the case of oral argument, of the time, place and date so scheduled. The date of the appellate review shall not be less than ten (10) days, or more than thirty (30) days, from the date of mailing of the notice.

11.6.4 The appellate review shall be conducted by the Board in accordance with the following procedures:

11.6.4.1 Both the Practitioner and the Hospital and/or Executive Committee are entitled to representation at the appellate review by legal counsel. The Board may also be represented by legal counsel.

11.6.4.2 The Practitioner shall have access to the hearing committee report, the hearing record (and transcription, if any), and to all other material information reviewed by the hearing committee that was considered in making the adverse recommendation or decision against him/her. The Practitioner may submit a written statement in which those factual and procedural matters with which the Practitioner disagrees, and his/her reasons for such disagreement, shall be specified. The written statement may cover any matters raised at any step in the procedure to which the appeal is related, and legal counsel may assist in its preparation. Such written statement shall be submitted to the Board through the Administrator by certified mail, return receipt requested, at least five (5) days prior to the scheduled date for the appellate review.
A similar statement may be submitted by the Hospital and/or Executive Committee.

11.6.4.3 The Board shall act as an appellate body. It shall review the hearing committee report and the hearing record and shall consider the written statements submitted for the purpose of determining whether the adverse recommendation or decision against the affected Practitioner was justified and was not arbitrary or capricious. If oral argument is requested as part of the review procedure, the Practitioner shall be entitled to be present at such appellate review, and shall be permitted to speak against the adverse recommendation or decision, and shall answer questions put to him/her or her by any member of the appellate review body. The Executive Committee or the hearing committee appointed by the Board shall also be represented by a member thereof who shall be permitted to speak in favor of the adverse recommendation and who shall answer questions put to him/her or her by any member of the appellate review body.

11.6.4.4 New or additional matters not raised during the hearing or in the hearing committee report, nor otherwise reflected in the record, shall only be introduced at the appellate review under unusual circumstances, in order to prevent injustice; and the Board shall in its sole discretion determine whether such new matters shall be accepted.

11.6.5 Upon the appellate review, the Board may affirm, modify or reject the recommendation of the Executive Committee, or of the hearing committee appointed by it, or in its discretion, refer the matter back to the Executive Committee or to the said hearing committee for further review and recommendation within twenty (20) days. Such referral may include a request that the Executive Committee or the said hearing committee arrange for a further hearing to resolve specified disputed issues.

11.6.6 The appellate review shall not be deemed to be concluded until all of the procedural steps provided in this Article have been completed or waived. All action required of the Board may be taken by the Executive Committee of the Board.

11.7 Final Decision by Board. Within thirty (30) days after the conclusion of the appellate review, or within thirty (30) days of receipt of the recommendation of the hearing committee if the appellate review has been waived, the Board shall make its decision in the matter and such decision shall be made immediately effective and final and shall not be subject to further hearing or appellate review. The Board shall send notice thereof to the Executive Committee of each Inova Hospital at which the Practitioner has Clinical Privileges and, through the Administrator, to the Medical Staff member, by certified mail, return receipt requested, which notice shall include a statement of the basis for the final
decision. A final decision by the Board which adversely affects the Clinical Privileges of a Medical Staff member shall be reported to the Virginia State Board of Medicine, Virginia State Board of Dentistry, the Virginia State Board of Podiatry, or the Virginia Board of Nursing, in accordance with statutory requirements.

11.8 Limit on Number of Hearings and Appeals. Notwithstanding any other provision of these Bylaws, no Practitioner shall be entitled as a right to more than one hearing and one appellate review on any matter which shall have been the subject of action by the Executive Committee or by the Board or both.

11.9 Release by Medical Staff Member. By the acceptance of Medical Staff membership or Clinical Privileges, each Practitioner shall be deemed to have released from liability the Hospital and all individuals involved in any proceedings under Article 10 or Article 11 of these Bylaws as to any statements made by such persons without malice in connection with such proceedings. Such Practitioner also shall be deemed to have absolutely and unconditionally released from liability all other individuals and all organizations at the Hospital’s or the Executive Committee’s request provide information relating to the matters in issue in such proceedings.
ARTICLE 12
OFFICERS

12.1 Officers of the Medical Staff. The Officers of the Medical Staff shall be the President, the Vice President, the Secretary-Treasurer, and the Immediate Past President.

12.1.1 President. The President shall call and preside at all meetings of the Medical Staff; he/she shall be Chairperson of the Executive Committee; he/she shall be a member ex officio of all committees; he/she shall be responsible for the enforcement of these Bylaws, and the Rules and Regulations of the Medical Staff; he/she shall serve as an ex officio member of the Inova Health Care Services Board; he/she shall receive and interpret the policies of the Inova Health Care Services Board to the Medical Staff; and he/she shall report on and interpret to the Inova Health Care Services Board the performance and maintenance of the Medical Staff's responsibility for providing quality medical care.

12.1.2 Vice President. The Vice President, in the absence of the President, shall assume all his/her duties and have all his/her authority. He/she shall also perform such duties as are assigned to him/her by the President.

12.1.3 Secretary-Treasurer. The Secretary-Treasurer shall keep accurate and complete minutes of all meetings, call meetings on order of the President, and attend to all correspondence, are accountable for all funds entrusted to him/her and perform such other duties as ordinarily pertain to his/her office.

12.1.4 Immediate Past President.

12.1.4.1 The Immediate Past President shall serve in an advisory capacity and on certain committees specified in these Bylaws.

12.1.4.2 In the event of death, disability, or unavailability of the Immediate Past President, the Executive Committee shall appoint a Past President to serve in the place of the Immediate Past President on all committees of which he/she is an ex officio member.

12.1.4.3 All Past Presidents will become an ex officio member of the Medical Executive Committee.

12.2 Qualifications. Officers must be members of the Active Staff at the time of nomination and election and must remain members thereof during their term of office. Failure to maintain such status shall immediately create a vacancy in the office involved.

12.3 Election. The process for nomination and election of Officers and Members-at-Large shall be outlined in these Medical Staff Bylaws. Elections shall be conducted during the Annual Meeting of the Medical Staff. Election of Officers and Members-at-Large shall be by plurality vote of those members of the Medical Staff eligible to vote who are
present at the meeting or who have voted by mail or electronic ballot, provided a Quorum is achieved. Voting may not be by proxy.

12.3.1 Each member of the Active Staff is entitled to submit one (1) vote each for Officers and Members-at-Large. There shall be no requirement to vote for each position. Members can vote for as few positions as they wish or as many up to the maximum number of positions available. Multiple votes for a single candidate shall only be counted as one (1) for that candidate.

12.3.2 In the event of a tie for the final Member-at-Large position, the tied members shall serve the one (1) year term.

12.4 Term of Office. All Officers shall hold office for a two-year term commencing on the first day of the ensuing Medical Staff Year. Members-at-Large shall hold office for a one-year term commencing on the first day of the ensuing Medical Staff Year.

12.5 Vacancies. Vacancies in office during the Medical Staff year shall be filled by the Executive Committee. The term of any Officer so selected shall coincide with the intended term of the member replaced by the new Officer. When deemed necessary, the President may appoint an Officer pro tempore pending action of the Executive Committee.

12.6 Removal. Any Officer may be removed from office for cause after consultation with the Executive Committee and upon an affirmative vote of two-thirds (2/3) of the Medical Staff Members eligible to vote and present at any annual meeting or special meeting called for such purpose. Removal of an Officer may not be voted on by mail or electronic ballot. Appropriate cause for removal of an Officer shall include, but shall not be limited to, failure to properly discharge the responsibilities of the positions as outlined in these Bylaws.
ARTICLE 13
COMMITTEES

13.1 Medical Staff Committees.

13.1.1 The committees of the Medical Staff shall consist of the standing committees set forth in Section 13.2 and special committees established by the President of the Medical Staff with the approval of the Executive Committee. Except as otherwise provided for in these Bylaws, committee composition as well as frequency of meetings and reports shall be outlined in specific policies and procedures prepared by the committee and approved by the Executive Committee.

13.1.2 Members of each committee, except as otherwise provided for in the policies and procedures, shall be appointed yearly by the President of the Medical Staff and approved by the Executive Committee. Members of each committee, except Ex Officio members shall be eligible to vote on any matter coming before such committees. The Chair of each committee shall appoint administrative representatives and support staff in consultation with the Administrator.

13.1.3 The Administrator and the President of the Medical Staff shall be Ex Officio members of all Medical Staff committees.

13.1.4 Chair. The Chair of each Medical Staff committee, except as otherwise provided for in the policies and procedures, shall be appointed yearly by the President of the Medical Staff and approved by the Executive Committee.

13.1.5 Vacancies. Except as otherwise provided, vacancies on any medical staff committee shall be filled in the same manner in which the original appointment is made.

13.2 Standing Committees of the Medical Staff.

13.2.1 Executive Committee.

13.2.1.1 The Executive Committee shall act for the Medical Staff as a whole except in such matters as may be precluded by these Bylaws or as otherwise directed by the Medical Staff. The Executive Committee shall perform the following functions:

a. coordinate the activities of the Medical Staff;

b. develop, adopt and recommend to the Administrator and/or Board policies of the Medical Staff;

c. receive and act upon reports and recommendations from departments, committees and Officers of the Medical Staff;
d. implement the policies of the Medical Staff;

e. consider and recommend action to the Administrator of a medico-administrative nature;

f. recommend to the Board all matters concerning appointments, reappointments, staff category, department and section assignments, Clinical Privileges and corrective action, organized medical staff structure;

g. make recommendations on Hospital management matters to the Board through the Administrator;

h. make recommendations to the Board regarding the organization of the quality assessment and improvement activities of the Medical Staff as well as the mechanism used to conduct, evaluate, and revise such activities;

i. enforce the Medical Staff Bylaws and Rules and Regulations;

j. ensure professionally ethical conduct on the part of all members of the Medical Staff;

k. review, evaluate, and make recommendations to the Board regarding the quality and adequacy of professional services rendered at the Hospital;

l. initiate such disciplinary measures as are indicated;

m. review the status and coordinate, as appropriate, the maintenance of the Hospital’s accreditation programs; and

n. ensure that the Medical Staff is informed and kept current on the status of programs relating to the Hospital.

13.2.1.2 Further, the Executive Committee shall have an orderly and balanced plan through which the Hospital can attempt to meet the needs of the community for health services. It shall concern itself with the full range of diagnostic, therapeutic, preventative, educational and support programs which the Hospital might appropriately offer and recommend programs and priorities to meet health care needs.

13.2.1.3 The membership of the Executive Committee shall be as follows:

a. President of the Medical Staff Chair;
b. the elected Officers and Immediate Past President;

c. 3 Members-at-Large;

d. all Department Chairs; and

e. Ex-officio (non-voting) members of the Executive Committee shall include the Chief Medical Officer. Guests will be invited at the discretion of the Chair of the Executive Committee.

13.2.1.4 Members-at-Large shall be elected at the Annual Meeting and shall serve for a one (1) year term and shall be removed in accordance with the process for the removal of Officers set forth in Section 12.8.

13.2.2 Credentials Committee. The Credentials Committee shall review and investigate the qualifications of all applicants for Medical Staff membership and/or for Clinical Privileges or modifications thereof and shall make recommendations for Medical Staff membership and Clinical Privileges in compliance with these Bylaws.

13.2.3 Bylaws Committee. It shall be the functions of this committee to annually review the Bylaws and Medical Staff Rules and Regulations and to propose to the Executive Committee amendments to the Bylaws and Medical Staff Rules and Regulations as may be deemed necessary; to develop and propose amendments to the Bylaws and Medical Staff Rules and Regulations as requested by the Executive Committee and/or Medical Staff.

13.2.4 Cancer Committee. The Cancer Committee shall provide leadership in all cancer-related activities in the Hospital. It is responsible for goal-setting, planning, initiating, implementing, and evaluating, and improving all cancer-related activities in the Hospital.

13.2.4.1 The President of the Medical Staff shall appoint the members of the Cancer Committee and shall designate a Chairperson.

13.2.5 Quality Council. The mission of the Quality Council is to monitor, review, recommend and follow-up on inter-disciplinary quality initiatives including: quality planning, assessment, measurement, improvement, and evaluation for the purpose of improving quality of care, cost efficiencies and effectiveness, and system integration. The Quality Council shall consist of representatives of the medical staff and administration with equal voting rights.
13.2.6 Planning and Programming. The Planning and Programming shall consist of the President, the Immediate Past President and the Vice President of the Medical Staff; the Chairpersons of the Departments of Anesthesiology, Emergency Medicine, Family Practice, Medicine, Pathology, Pediatrics, Physical Medicine and Rehabilitation, Psychiatry and Behavioral Medicine, Surgery and Radiology; and three (3) other members of the Active Staff appointed by the Medical Staff President. The Administrator shall meet with and counsel the Committee. The Immediate Past President of the Medical Staff shall be Chairperson of the Planning and Programming Committee.

13.2.7 Nominating Committee. The Nominating Committee shall consist of the last three (3) available Past Presidents of the Medical Staff. The Committee shall submit annually at the Annual Meeting of the Medical Staff its candidates for office of President, Vice President and Secretary-Treasurer of the Medical Staff, and the candidate for the member of the Inova Health Care Services Board. A report of those to be nominated shall be submitted to the Executive Committee prior to the Annual Meeting of the Medical Staff.

13.3 Removal of Committee Members.

13.3.1 A member of a Committee shall automatically be removed from the Committee in the event his/her clinical privileges are terminated or suspended (other than a medical records suspension) at the Hospital.

13.3.2 Additional grounds for removal of a Medical Staff Committee member shall include, but are not limited to, (i) conduct which is detrimental to, or reflects adversely on, the Medical Staff or the Medical Center, (ii) mental or physical impairment or incapacity, (iii) failure to perform the necessary functions as a member of a Medical Staff Committee, or (iv) any action or conduct which would form the basis for corrective action pursuant to Article 9, even if corrective action is not taken.

13.3.3 Removal of any member of a Medical Staff Committee may be initiated by the Executive Committee or upon petition of twenty (20) percent of the voting members of the Medical Staff. If the member of a Medical Staff Committee to be removed is a member of the Executive Committee, the member shall be recused from participation in any deliberations or vote by Executive Committee relating to removing the member. If the member of a Medical Staff Committee is to be removed by a vote of the Medical Staff, removal shall be effective upon the affirmative vote of three fourths (3/4) of the members of the Medical Staff present and voting. Written notice of any meeting at which removal of a member of a Medical Staff Committee is to be considered, shall be delivered by regular mail or electronically sent to all Medical Staff members entitled to vote at the meeting and the Administrator at least ten (10) calendar days before the meeting.
13.4 Quorum. For purposes of this Article 13, a quorum shall mean thirty-three and one-third (33 1/3) percent of the members of the relevant Medical Staff Committee or a department who are duly eligible to vote at a meeting of the Medical Staff or a department and who are present in person at such meeting or who have submitted mail/electronic ballots.

13.5 Special Medical Staff Committees. Special medical staff committees may be appointed at any time by the President of the Medical Staff and confirmed by the Executive Committee to perform such duties as may be considered outside of the scope of the standing committees. Each such committee shall confine its functions to the purpose for which it is appointed, shall report to the Executive Committee, and shall be dissolved upon completion of its assignment.

13.6 Joint Hospital-Medical Staff Committees. There shall be established such joint Hospital-Medical Staff Committees as the Executive Committee and the Administrator shall agree upon to address such issues as quality improvement, resource utilization, peer review, continuing medical education, blood usage, invasive procedure review, infection control, utilization review, pharmacy and therapeutics, treatment of cancer and other administrative and clinical issues as may be required by the Joint Commission or otherwise.

13.6.1 Members of joint Hospital-Medical Staff Committee(s) shall be those Practitioners appointed by the President of the Medical Staff subject to the approval of the Administrator and those representatives or employees of the Hospital appointed by the Administrator.

13.6.2 The chair of each joint Hospital-Medical Staff Committee(s) shall be appointed from the membership of the Committee by the President of the Medical Staff with the approval of the Administrator.

13.6.3 The specific membership and duties of joint Hospital-Medical Staff Committees shall be established jointly by the Administrator and the President of the Medical Staff, subject to the approval of the Executive Committee.

13.6.4 Joint Hospital-Medical Staff Committees shall meet as frequently as is necessary to discharge the duties of such committees and shall make reports and recommendations directly or indirectly to the Executive Committee, the Hospital Administrator or others in such manner as the President of the Medical Staff and the Administrator shall direct.

13.7 Interdisciplinary Hospital Management Committees. Medical Staff functions and responsibilities relating to liaisons with the Board and Hospital administration may be discharged by the appointment of representatives of the Medical Staff to such Hospital management committees as may be established to perform designated functions. Appointments of such representatives to Hospital management committees shall be made by the President of the Medical Staff and concurred by the Executive Committee, unless otherwise provided in these Bylaws. One representative to each such committee shall be designated as the Chair of the Medical Staff delegation to that committee.
ARTICLE 14
DEPARTMENTAL ORGANIZATION

14.1 Departments and Sections. The Medical Staff shall be divided into departments and sections which shall be organized as divisions of the Medical Staff as a whole. A section shall be a subdivision of a department. Each department shall have a Chair and each section shall have a Chief. The same person may not serve as both Department Chair and Section Chief. The departments and sections may be as follows, but both departments and sections may be established or abolished from time to time by the Board upon recommendation from the Executive Committee.

A. Department of Anesthesiology
B. Department of Emergency Medicine
C. Department of Family Practice
D. Department of Medicine
   1. Cardiovascular Disease Section
   2. Dermatology Section
   3. Endocrinology Section
   4. Gastroenterology Section
   5. Internal Medicine Section
   6. Neurology Section
   7. Pulmonary Disease Section
E. Department of Pathology
F. Department of Pediatrics
G. Department of Physical Medicine and Rehabilitation
H. Department of Psychiatry and Behavioral Medicine
I. Department of Radiology
J. Department of Rehabilitation
K. Department of Surgery
   1. General Surgery Section
   2. Gynecology Section
   3. Neurosurgery Section
   4. Ophthalmology Section
   5. Oral Surgery Section
6. Orthopedic Surgery Section
7. Otorhinolaryngology Section
8. Plastic Surgery Section
9. Podiatry Section
10. Thoracic Surgery Section
11. Urology Section

14.2 Assignment to Departments.

14.2.1 The Credentials Committee, after considering the recommendations of the Department Chairs and Section Chiefs concerned, shall recommend to the Executive Committee the department and section assignments of all Practitioners. The Executive Committee shall review such recommendations and submit its recommendations to the Board. The Board shall make such assignments after considering the recommendations of the Executive Committee.

14.2.2 In any department and/or section in which a Practitioner has been granted Clinical Privileges, the Practitioner shall be subject to the Rules and Regulations of that department and/or section and to the authority of the Department Chair and Section Chief.

14.3 Department Chairs and Section Chiefs.

14.3.1 Appointment of Chairpersons. Department Chairpersons shall be appointed by the Inova Health Care Services Board after considering the recommendations of any cognizant search committee, the Active Staff of the Department concerned, and the Executive Committee. Section Chiefs shall be appointed in a process similar to that of the appointment of Department Chairpersons, by the Inova Health Care Services Board, after considering the recommendations of the Active Staff members of the Section concerned, the Chairperson of the Department concerned, and the Executive Committee.

14.3.2 Nomination and Election Process for Section Chiefs. Departments that have formally designated sections (as noted in Section 14.1, above) shall promulgate provisions in their respective Departmental Rules and Regulations outlining the specific mechanisms for length of Section Chief tenure, number of consecutive terms the Section Chief may serve, and any additional responsibilities of the Section Chief not outlined in Section 14.3.7, below.

14.3.3 Qualifications. Department Chairs and Section Chiefs must be members of the Active Medical Staff and must have Clinical Privileges in their respective departments and sections. The Chair of each department is certified by an appropriate specialty board, or affirmatively establishes that he/she possesses comparable competence through the credentialing process. Notwithstanding the foregoing, the CEO, after consultation with the President of the Medical
Staff, may waive any requirement for qualifications for Department Chairs and Sections Chiefs, including the requirement to be an Active Medical Staff member. The failure of the CEO to waive any qualification for Department Chair and Sections Chief shall not entitle a practitioner to a right of review or hearing.

14.3.4 Tenure. Appointments of Department Chairperson or Section Chief shall be for the Medical Staff Year, unless otherwise removed and until their successors are appointed. Tenure of Section Chiefs shall be in accordance with Rules and Regulations of the respective departments as noted in Section 14.3.2, above.

14.3.5 Removal. A Department Chairperson or Section Chief may be removed from his/her office for cause by the Inova Health Care Services Board after consultation with the Executive Committee.

14.3.6 Duties of Department Chairs. Each Department Chair shall:

14.3.6.1 Be accountable to the Executive Committee for all professional and administrative activities within the department;

14.3.6.2 Maintain constant surveillance of the professional performance of all Practitioners with Clinical Privileges in the department on all patients;

14.3.6.3 Be responsible for enforcement, within the department, of the Medical Staff Bylaws and Rules and Regulations, the Department Rules and Regulations, and any other applicable Hospital policies and procedures;

14.3.6.4 Be responsible for department implementation of actions taken by and policies of the Executive Committee;

14.3.6.5 Recommend to the Credentials Committee criteria for Clinical Privileges in the department and recommend the staff category, appointment and delineation of Clinical Privileges for all Practitioners in his/her department;

14.3.6.6 Be responsible for the teaching, education and research programs in the department;

14.3.6.7 Designate to the Administrator a department member who shall act in behalf of the Department Chair when the Chair is unavailable;

14.3.6.8 Assure that the quality and appropriateness of patient care provided within the department are monitored and evaluated;
Participate in the administration of the department through cooperation with Patient Care Services, the Chief Nurse Executive or designee and Hospital Administration in matters affecting patient care;

Assist in the preparation of such reports pertaining to the department as may be required by the Executive Committee or Inova Health Care Services Board;

Recommend a sufficient number of qualified and competent persons to provide care and service;

Determine the qualifications and competence of department personnel who are not licensed independent Practitioners and who provide patient care services;

Recommend space and other resources needed by the department;

Be responsible for all administratively related activities of the department, unless otherwise provided for by the Hospital;

Integrate the department’s services with the Hospital’s primary functions;

Coordinate and integrate services within their department and with other departments;

Continuously assess and improve their department’s performance; and

Assess and recommend to the relevant Hospital authority off-site sources for needed patient care services not provided by the department or organization.

Duties of Section Chief. Each Section Chief shall:

Be responsible to the Department Chair and shall advise and assist the Department Chair in the performance of the Chair’s duties, especially as such duties pertain to the functioning of the section;

Be responsible for the enforcement of the policies and procedures of the section;

Be directly accountable to the Chair for the professional and administrative activities of the section; and maintain constant surveillance of the professional performance of all Practitioners with Clinical Privileges in the section;
14.3.7.4 Transmit to the Department Chair for further transmittal to the Executive Committee, recommendations concerning Clinical Privileges within the section;

14.3.7.5 Be responsible for the quality assurance, teaching and education programs for the section;

14.3.7.6 Designate to the Administrator, subject to approval by the Department Chair, a member of the section who shall act in his/her behalf when the Chief is unavailable; and

14.3.7.7 Recommend to the Department Chair criteria for Clinical Privileges in the department.

14.4 Functions of Departments and Sections. Each department and section shall:

14.4.1 Conduct on-going monitoring and evaluation of the quality and appropriateness of patient care within the department and section;

14.4.2 Establish guidelines for the granting of Clinical Privileges within the department and section and submit them to the Executive Committee for approval;

14.4.3 Conduct or participate in, and make recommendations regarding the need for, continuing education programs pertinent to changes in the state-of-the-art and to findings of monitoring and evaluation activities; and

14.4.4 Formulate its own Rules and Regulations for the conduct of its affairs and the discharge of its responsibilities. Rules and Regulations for a Section shall be part of and subordinate to the Rules and Regulations of a Department.
ARTICLE 15
MEDICAL STAFF MEETINGS

15.1 Regular Meetings.

15.1.1 Annual Meeting.

15.1.1.1 The Annual Meeting of the Medical Staff which shall be deemed a regular meeting shall be held in November of each year.

15.1.1.2 The President of the Medical Staff shall present a report of the activities of the Executive Committee, and Department Chairs and committee Chairs may submit reports. These reports shall become part of the minutes of the meetings.

15.1.1.3 Officers shall be elected to serve for the ensuing Medical Staff Year and until their successors are elected.

15.1.1.4 Agenda. The agenda at the Annual Meeting generally shall be:

a. Call to order;
b. Approval of minutes of the last regular meeting and all intervening special meetings;
c. Old Business;
d. Report from the Executive Committee;
e. Reports from other committees;
f. Communications;
g. New business; and
h. Adjournment.

15.1.1.5 No fixed agenda shall be required to be followed at any special meeting.

15.2 Regular Meetings. Additional general Medical Staff meetings may be called by the Executive Committee.

15.3 Special Meetings. Special meetings of the Medical Staff may be called at any time by the President and shall be called at the written request of the Board, the Executive Committee, or ten (10) percent of the Medical Staff Members eligible to vote. At any special meeting no business shall be transacted except that stated in the notice calling the meeting.

15.4 Notice of Meetings.

15.4.1 Regular and Annual Meeting. Notice stating the date, time and place of any Regular and the Annual Meeting shall be provided to each member of the
Medical Staff and shall be posted in the Hospital not less than thirty (30) days prior to such meeting.

15.4.2 Special Meetings. Notice stating the date, time, place and business to be transacted for any special meeting shall be provided to each member of the Medical Staff not less than seven (7) days prior to such meeting, unless in the case of exigency those calling the meeting shall determine that a shorter notice is necessary and practicable.

15.4.3 Notice Deemed Given. Notice may be provided by email or regular mail at the discretion of the Executive Committee. Notice of a meeting shall be deemed to have been given when deposited in the United States mail addressed to each member at the member’s address as it appears on the records of the Hospital with postage thereon prepaid. Only those individuals who are members of the Medical Staff at the time the notice is given shall receive notice of the meeting. If sent electronically, notice of the meeting shall be deemed to have been delivered when the notice is sent to the email address on file with the Medical Staff Office. It shall be the responsibility of the Medical Staff Member to ensure a current and accurate email address is on file with the Medical Staff Office.

15.4.4 Waiver of Notice. Notice of a meeting may be waived by written waiver, signed by a member before or after the meeting, or by a member’s attendance at the meeting.

15.5 Quorum. A Quorum as defined in Section 1.20 must be met for any action to be taken at a Regular, Annual or Special Meeting.

15.6 Voting. Except as otherwise specifically provided, the affirmative vote of a majority of the Medical Staff Members eligible to vote at any Medical Staff meeting at which the Quorum requirement is met shall be the action of the group. There shall be no voting by proxy. The Executive Committee may permit the use of mail or electronic ballots for the election of officers, the amendment of the Medical Staff Bylaws, or, unless otherwise prohibited, any other action which is required to be taken by the full Medical Staff. The manner in which mail or electronic ballots are used shall be at the discretion of the Executive Committee.

15.7 Minutes. Minutes of each meeting of the Medical Staff shall be prepared by the Secretary-Treasurer and shall include a record of the attendance of members, of recommendations made, and of the votes taken for and against each proposal or matter properly before the meeting. Minutes shall be signed by the President and approved at the next regular meeting. A permanent file of such minutes shall be retained within the Hospital.

15.8 Attendance Requirements. Each member of the Medical Staff is encouraged to attend the meetings of the Medical Staff. Department and Sections may establish their own rules and regulations regarding attendance requirements for Department and Section meetings.
Failure to meet the attendance requirements of a Department or Section shall be reported to the Executive Committee and may be ground for suspension of Medical Staff membership or Clinical Privileges.

15.9 Department Meetings.

15.9.1 Regular Department Meetings. Members of each department shall meet as a department, except that if a department is divided into sections, the members of each department/section shall meet as needed by determination of the department or section at a time set by resolution of the department or section to review and evaluate the clinical work of the department or section with respect to the quality and appropriateness of the care and treatment provided to patients and to discuss any other matters concerning the department or section. The agenda for the meeting and its general conduct shall be set by the Department Chair or Section Chief.

15.9.2 Special Meetings. Special meetings of departments and sections may be called by the Department Chair or Section Chief, respectively, and by written request of the President of the Medical Staff, or twenty-five (25) percent of the members of the department, committee or section. At any special meeting no business shall be transacted except that stated in the notice calling the meeting.

15.9.3 Notice of Meetings. Except for meetings held pursuant to Section 17.5, written or oral notice stating the date, time, place and purpose of any meeting shall be given to each member of the department, section or committee not less than two (2) days before the time of such meeting, by the person or persons calling the meeting. If mailed, the notice of the meeting shall be deemed delivered when deposited in the United States mail addressed to each member at his/her address as it appears on the records of the Hospital with postage thereon prepaid. If sent electronically, notice of the meeting shall be deemed to have been delivered when the notice is sent to the email address on file with the Medical Staff Office. It shall be the responsibility of the Practitioner to ensure a current and accurate email address is on file with the Medical Staff Office. Notice of a meeting may be waived by written waiver, signed by a member before or after the meeting, or by a member’s attendance at the meeting.

15.9.4 Voting. The affirmative vote of a majority of the members who are eligible to vote shall be the act of the department or section, provided the quorum requirement has been met. Any Department may choose to have any matter voted on by mail or electronic ballot. The manner in which mail or electronic ballots are used shall be at the discretion of the Department.

15.9.5 Minutes. Minutes of each meeting of a department or section shall be prepared by the secretary thereof and shall include a record of the attendance of members, of recommendations made, and of the votes for and against each
proposal or matter properly before the meeting. The minutes shall be signed by the Chair and submitted to the department or section for approval at its next meeting. A permanent file of such minutes shall be retained within the Hospital.
PROPOSED LANGUAGE

ARTICLE 16
CONFIDENTIALITY, IMMUNITY AND RELEASES

16.1 Definitions. For the purpose of this Article, the following definitions shall apply:

16.1.1 “Information” means records of proceedings, minutes, records, reports, memorandums, statements, recommendations, letters, data, and other disclosures whether in written or oral form relating to any of the subject matter specified in Articles 7, 8, 9, 10, 11 and 13, including but not limited to information related to a practitioner's professional qualifications, clinical ability, judgment, training, background, experience, character, physical and mental health, emotional stability, professional ethics or any other matter that might directly or indirectly affect patient care.

16.1.2 “Malice” means the purposeful dissemination of a known falsehood or of information with a reckless disregard for whether or not it is true or false.

16.1.3 “Practitioner” means a member of the Medical Staff, a holder of Clinical Privileges, or an applicant for Medical Staff membership or Clinical Privileges.

16.1.4 “Representative” means the Board, any member or committee thereof; the Administrator; the Medical Staff of this Hospital and any other Inova Health System Hospital, and any member, Officer, department or committee thereof; and any individual authorized (either explicitly or implicitly) by any of the foregoing or these Bylaws to perform information gathering, disseminating or communicating functions.

16.1.5 “Third Parties” means both individuals and organizations providing information to any Representative.

16.2 Authorizations and Conditions. By applying or reapplying for, or requesting or exercising Medical Staff status or Clinical Privileges, a Practitioner:

16.2.1 Authorizes Representatives and the Hospital to solicit, provide, receive, review, verify and act upon information bearing on the Practitioner’s background, qualifications, professional competence, education, training, experience, clinical ability, judgment, ethics, character, physical and mental health, emotional stability, and any other matter relevant to the Practitioner’s application, reapplication or exercise of Clinical Privileges;

16.2.2 Agrees to be bound by the provisions of this Article and to waive forever all legal and equitable claims and actions (whether known or unknown to the Practitioner) against the Hospital, any Representative or Third Party who acts in accordance with the provisions of this Article; and
16.2.3 Acknowledges that the provisions of this Article are express conditions to the Practitioner’s application or reapplication for or acceptance of Medical Staff status and/or Clinical Privileges, or the Practitioner’s exercise of Clinical Privileges at the Hospital.

16.3 Confidentiality of Information. Information with respect to any Practitioner submitted, collected or prepared by any Representative for the purpose of performing functions under these Bylaws, achieving and maintaining quality patient care, reducing morbidity and mortality, or contributing to medical research shall, to the extent permitted by law, be confidential and shall not be disseminated to anyone other than a Representative whose duties require receipt of such information, except as may be otherwise required by law. Such confidentiality shall also extend to information of like kind that may be provided by Third Parties. This information shall not become part of any particular patient’s files. Breach of confidentiality by response to legal process apparently valid on its face or exercise of legal rights by or on behalf of or in respect of a patient shall not nullify or void any other provision of this Article.

16.4 Immunity from Liability.

16.4.1 For Action Taken. Neither the Hospital nor any Representative shall be liable for damages or other relief for any action taken or statement or recommendation made within the expressed or implied or reasonably inferable scope of its or his/her duties, if such acts are taken or made without malice after a reasonable effort under the circumstances to ascertain the truthfulness of the facts and in the reasonable belief that the action, statement or recommendation is warranted by such facts as the same are believed to exist by the Hospital or such Representative or by reasonable inferences made from such facts as the same are believed to exist by the Hospital or such Representative. Regardless of the provisions of state law and without limiting other defenses (including a defense based on this Section 16.4), truth shall be an absolute defense in all circumstances.

16.4.2 For Providing Information. Neither the Hospital, any Representative nor any Third Party shall be liable for damages or other relief by reason of providing information, including otherwise privileged or confidential information, to the Hospital or a Representative or to any other hospital, state or other licensing or similar agency or board, organization of health professionals or other health-related organization concerning a Practitioner who is or has been an applicant or reappointment applicant or member or holder of other staff status or who did or does exercise Clinical Privileges at the Hospital; provided that the Hospital, such Representative or Third Party acts without malice.

16.5 Activities and Information Covered.

16.5.1 Activities. The confidentiality and immunity provided by this Article shall apply to all acts, communications, reports, recommendations, letters of disclosures.
performed or made in all meetings held in connection with this or any other health-related institution’s or organization’s activities concerning, but not limited to:

a. Applications for appointment, Medical Staff status or Clinical Privileges;

b. Periodic reappraisal for reappointment and renewal of Medical Staff status or Clinical Privileges;

c. Corrective action;

d. Hearings and appellate reviews;

e. Other Hospital, staff, department or committee activities relating to monitoring and evaluating quality patient care and appropriate professional conduct; or

f. Other staff functions provided by these Bylaws.

16.5.2 Information. The information referred to in this Article may relate to a practitioner’s background, qualifications, professional competence, education, training, experience, clinical ability, judgment, ethics, character, physical and mental health, emotional stability, or any other matter that might directly or indirectly affect patient care.

16.6 Releases. Each Practitioner shall, at any time and from time to time upon request of the Hospital, execute general and specific releases in accordance with the tenor and import of this Article, subject to the requirements and conditions of this Article, and shall sign written authorizations to other hospitals, state licensing boards or other health related organizations which have information described in Section 16.5.2 to release such information to the Hospital.

16.7 Cumulative Effect. Provisions in these Bylaws and in application forms relating to authorizations, confidentiality of information and immunities from liability shall be in addition to other protections provided by law and not in limitation thereof.
ARTICLE 17
RULES, REGULATIONS AND POLICIES

17.1 Such rules, regulations and policies as may be necessary to implement more specifically the general principles found within these Bylaws may be adopted by the Executive Committee subject to the approval of the Administrator and/or the Board.

17.2 Rules, regulations and policies of the Medical Staff and of departments shall be reviewed not less than once every three (3) years.

17.3 Any proposed rules, regulations or policies adopted by the Executive Committee shall be distributed to all Practitioners for review and comment in accordance with such procedures as are approved by the Executive Committee before the rule, regulation or policy is sent to the Administrator (or designee) and/or the Board for approval. Upon petition signed by ten (10) percent of the members of the Medical Staff entitled to vote, and delivered to the President of the Medical Staff within thirty (30) business days after notice of the proposed rule or regulation has been sent to all Practitioners, the proposed rule or regulation shall be submitted either in writing or electronically to the voting members of the Medical Staff for approval. If a majority of the voting members of the Medical Staff do not approve the proposed rule or regulation, the matter shall be referred back to the Executive Committee for further consideration and appropriate action. If no petition seeking approval by the full Medical Staff is submitted within thirty (30) business days, the proposed rule or regulation shall become effective upon approval by the Administrator and/or the Board. Any policy approved by the Executive Committee shall become effective upon approval by the Board. In the event the Executive Committee and the Board approve a rule, regulation or policy that is opposed by at least ten (10) percent of the members of the Medical Staff eligible to vote, the matter may be submitted to conflict resolution in accordance with Section 17.5 at the request of either the opposing Medical Staff Members or the Executive Committee.

17.4 Rules, Regulations and Policies Proposed by the Medical Staff. Rules, regulations and policies may also be proposed to the Board by the Medical Staff by majority vote of the members of the Medical Staff entitled to vote. Proposed rules, regulations and policies may be brought for a vote by a petition signed by ten (10) percent of the members of the Medical Staff entitled to vote. Such petition shall include the precise language of the rule, regulation or policy to be considered for adoption. Any rule, regulation or policy proposed by a majority of the members of the Medical Staff entitled to vote shall be submitted directly to the Board for consideration. In addition, the proposed rule, regulation or policy shall also be forwarded to the Executive Committee for review and an opportunity to provide comments to the Board. All proposed Medical Staff rules, regulations and policies shall become effective only after approval by the Board.

17.5 Conflict Management.
17.5.1 In the event of a conflict between members of the Active Staff and the Executive Committee regarding the adoption of any bylaw, rule, regulation or policy, or any amendment thereto, or with regard to any other matter, the matter may be submitted to the conflict resolution process set forth in this Section 17.5. To submit a matter to the conflict resolution process either a petition signed by twenty (20) percent of the members of the Medical Staff entitled to vote shall be presented to the President of the Medical Staff, or the Executive Committee or any other Medical Staff Committee may request a matter be submitted to the conflict resolution process.

17.5.2 If the Medical Staff initiates the conflict resolution process, a Conflict Resolution Committee shall be formed consisting of up to five (5) representatives of the Active Staff designated by the Active Staff members submitting the petition and an equal number of representatives of the Executive Committee appointed by the President of the Medical Staff. If a Medical Staff Committee initiates the conflict resolution process, it may invite those individuals from the Medical Staff it believes is in conflict to participate on the Conflict Resolution Committee. The Hospital Administrator and the Chief Medical Officer shall be ex-officio non-voting members of any Conflict Resolution Committee.

17.5.2.1 The members of the Conflict Resolution Committee shall meet to discuss the disputed matter and work in good faith to resolve the differences between the parties.

17.5.2.2 Any recommendation which is approved by a majority of the Medical Staff representatives and a majority of the Executive Committee representatives that does not relate to the amendment of the Bylaws shall be submitted to the Board of Directors for consideration and subject to final approval by the Board. If agreement cannot be reached by a majority of the Medical Staff representatives and a majority of the Executive Committee representatives, the members of the Conflict Resolution Committee shall individually or collectively report to the Board regarding the unresolved differences for consideration by the Board in making its final decisions regarding the matter in dispute, except if it relates to the amendment of the Bylaws. In the event the subject matter of the conflict resolution involves a proposed amendment to the Bylaws, the reports from the Conflict Resolution Committee and the Board’s report shall be presented to the Medical Staff for consideration and a vote on the proposed Bylaw amendment.

17.5.3 In the event of a dispute between leaders or segments of the Medical Staff, the matter in dispute shall be reviewed by a Conflict Resolution Committee composed of an equal number of members representing opposing viewpoints who are appointed by the Medical Staff President or the Executive Committee.
17.5.4 If deemed appropriate by the President of the Medical Staff and the Administrator, an outside mediator or facilitator may be engaged to assist with the resolution of any disputed issue.
ARTICLE 18
AMENDMENTS

18.1 Review and Revision. These Bylaws shall be reviewed at least annually and shall be amended when necessary to reflect the Hospital’s current practices with respect to Medical Staff organization and function and to comply with statutory, licensure, and accreditation requirements.

18.2 Amendment. These Bylaws may be amended by the following combined actions:

18.2.1 Proposed amendments shall be referred by the Bylaws Committee which shall report at the next regular or duly called special meeting of the Medical Staff; and

18.2.2 The affirmative vote of two-thirds (2/3) of the Medical Staff members who are eligible to vote and who are present at such meeting at which a Quorum thereof is present, or who have voted by mail/electronic ballot, provided at least ten (10) days written notice, accompanied by the proposed Bylaws or amendments, has been given; and

18.2.3 Approval of the proposed amendment by the Board.

18.2.4 Amendments may also be presented to the Board by the Medical Staff by a majority vote of the members of the Medical Staff entitled to vote. Proposed Bylaws amendments may also be brought before the Medical Staff by petition signed by twenty (20) percent of the members of the Medical Staff entitled to vote. Any such proposed Bylaw amendment approved by a majority of the members of the Medical Staff entitled to vote shall be submitted directly to the Board. In addition, any proposed Bylaw amendment originating from the Medical Staff shall be forwarded to the Executive Committee for review and the opportunity to provide the Board with comments.
ARTICLE 19
RESERVED AUTHORITY OF THE GOVERNING BOARD

19.1 None of the provisions of these Bylaws of the Medical Staff nor amendments or changes thereto shall in any way be construed to alter the authority or powers of the Board or any of its committees as prescribed in the law of the Commonwealth of Virginia, or the Bylaws of the Board.

ARTICLE 20
ADOPTION

20.1 These Bylaws shall be adopted at any regular or duly called special meeting of the Medical Staff and shall become effective when approved by the Board and shall replace any previous Bylaws. Any amendment shall be effective immediately upon approval and shall apply to all pending matters to the extent practical, unless the Board directs otherwise, regardless of whether any particular Medical Staff member received notice of the amendment.

20.2 The Executive Committee shall have the authority to adopt amendments to the Bylaws without approval of the full Medical Staff if such amendments are solely for technical modifications or clarifications, reorganization or renumbering, or to correct grammatical, spelling, or punctuation errors if such amendments do not change any substantive provisions of the Bylaws: and if the Executive Committee provides the full Medical Staff with information about the change. If members of the Medical Staff are opposed to the changes, they have fourteen (14) days after receiving the information to petition the Executive Committee to put the amendments to a full vote of the Medical Staff. To be effective, such petition must be joined by at least ten (10) members of the Medical Staff. If no such petition is received by the Executive Committee, such amendments shall be sent to the Board and shall be effective when approved by the Board.

Adopted by the Medical Staff of Inova Mount Vernon Hospital: November 18, 2017

Approved by the Inova Healthcare Services Board: January 1, 2018
