

Parking Lot for Oncology Patients and Visitors

Dear Oncology Patients and Visitors,

We have two convenient places to park when you come to the Inova Schar Cancer Institute at Fair Oaks. Patient parking is located just adjacent to the Cancer Center building, 3580 Joseph Siewick Drive. Should you be unable to find parking in close proximity to the Schar Cancer Center building, please feel free to use the reserved parking lot located between our building (3580) and the main hospital (3600).

In order to access the lot, you will need to be buzzed in. Simply drive up to the access arm, push the button on the speaker and let the attendant know you are here for the Cancer Center. The arm will raise and you may park at your convenience.
