

# Wound Care Services

## *Specialized comprehensive treatment for your problem wound*

The wound center is designed to complement your physician's care. We will coordinate with your physician to assure continuity of all your medical services.

### Treatment available for:

- Arterial ulcers
- Burns
- Cellulitis
- Diabetic neuropathic ulcers
- Late effects of radiation
- Post-surgical wounds/amputations
- Pressure ulcers
- Traumatic ulcers
- Venous stasis ulcers
- Ostomies

### Our team of specialists includes:

- Certified Wound Specialists (CWS)
- Certified Lymphedema Specialists (LANA)
- Certified Wound Care Nurses (CWCN)
- Occupational/Physical Therapists/Registered Nurses

The Wound Center is committed to improving patients' lives by facilitating the healing process for those suffering from chronic, non-healing wounds. Our comprehensive, multidisciplinary approach to wound healing may be the solution you need. Whether you've had a wound for weeks, months or years, we can help.
