2020 INOVA PUBLIC FLU VACCINATION CLINICS

Inova Health System is pleased to offer influenza vaccinations to children ages 6 months and older at these locations. Adults of all ages may also receive their flu vaccination at these sites.

Inova Team members will abide by all current CDC and Safe@Inova guidelines. Participants are required to wear a face mask and will have their temperature checked. Immunizations provided at hospital flu clinics require participants to also complete a symptom questionnaire before receiving a flu shot.
