¹ If you elect to purchase a brand-name drug when a generic alternative is available, you will be required to pay the brand cost sharing, plus the difference between the cost of the brand-name drug and its generic equivalent. There are no exceptions.

² Specialty medication (typically injectables and oral drugs) must be filled through Inova Pharmacy Plus locations or Express Scripts Specialty Pharmacy. First fills are not available through other retail, except in emergency situations. For more information contact Inova Pharmacy Plus.
