

Nuance® PowerShare™ Network Online Sharing of Your Medical Images

Providing you and your doctors with secure and convenient access to your medical images and documents.

Just register with the link you receive in your e-mail, and begin to upload your images to PoweShare.

It's simple

We're all about simplifying your life—whether you're managing chronic conditions or one brief health concern.

Our easy-to-use medical imaging solution gives you secure access to view and share your diagnostic imaging, eliminating the frustration caused by having your health information on CDs.

As a patient at Inova, we provide you a free and secure online option for sharing your medical images with us.

we give you:

- an ability to share images with your doctor prior to your appointment
- freedom from having to keep up with CDs or film
- medical images that are safe from harm and unauthorized access
- 45 days of storage and access in Inova's account. However, once you copy your images into your personal PowerShare account your images will be available indefinitely.

**This is cloud-based image sharing;
this is the Nuance PowerShare Network.**

How to view your images:

1

You will receive an email from **Nuance PowerShare Support**. Follow the link to access the PowerShare registration page. Complete all required fields, check all boxes and click the “Continue” button.

TIP: Store the login page at <https://www1.nuancepowershare.com> as a ‘Favorite’ in your browser to simplify future access.

2

After registering and logging in you will arrive at the Home screen. Click the icon labelled “Upload Images”

3

Select the Image Folder you would like to upload to and then click ‘Next.’ You should always select Inova.

4

The Uploader Applet should appear, or you may be asked to authorize running the PowerShare Uploader. If this happens, please select ‘Run’.

NOTE: If you do not currently have Java installed, you will receive additional instructions for the necessary installation.

How to view your images (continued)

5

Select your CD-ROM drive (typically D:) from the drop-down list or navigate to your specific image location. Click 'Next'.

TIP: Your available images will not appear until you click 'Next'.

6

Select the study (or studies) you wish to upload and select 'Start Upload'.

NOTE: Medical images are maintained as sets of images so that you can view all images from a single session together.

7

Upload progress will be displayed and you will be notified once your upload to our facility is complete and successful.

NOTE: Your images will be available in the Inova account for 45 days from the date of upload.

Thank you for providing us online access to your medical images.
