Care Connection for Children, sponsored by the Virginia Department of Health, is a statewide network of regional programs that provides health care coordination, community support, and resources for children with special health care needs.

Northern Virginia Care Connection for Children is part of Inova and serves the following areas:

**Counties:**

Arlington, Fairfax, Loudoun, Prince William, Spotsylvania and Stafford

**Cities:**

Alexandria, Fairfax, Falls Church, Fredericksburg, Manassas City and Manassas Park

**If a child in your family has special health care needs, please contact:**

**Care**

Our staff takes the time to get to know each family. This personal touch allows us to understand your child's needs. Our goal is to work together with you and other members of the care team to find the best answers to help your child reach his or her maximum potential.

**Connection**

Our Professional Case Managers help you to connect with:

- Doctors and medical specialists who care for children with special health care needs
- Programs that help you pay for health care costs
- Local community programs and services
- Other families who have children with similar needs

Our Educational Consultants will:

- Help you understand the special education process and programs
- Work with you and your child's school team to create an education plan to help your child find success in school
- At your request, go with you to school meetings

**For Children**

Children and youth are eligible for the Care Connection for Children Program if they:

- Live in Virginia
- Are under the age 21
- Have a diagnosed physical condition that is expected to last 12 months or longer
