

Practitioner Quality and Patient Safety Overview Instructions and Attestation

The Joint Commission requires that all credentialed independent practitioners, with privileges at one or more Inova hospital(s), complete annual training on key issues related to patient care and safety. This annual education requirement also serves as an additional resource in our continuous effort to provide the highest quality of care for our patients.

Please see instructions below on how to access this education module located on the Centralized Credentialing page on Inova's website. As part of your initial appointment and reappointment, you will be asked to attest to the fact that you have viewed the annual safety training.

1. Go to: <http://www.inova.org/for-physicians/index.jsp>
2. Look at the right hand side of the screen and find "Quick Links"
3. Select "Quality and Patient Safety Overview"
4. Review slideshow via Adobe PDF file
5. Please sign attestation below

OR

1. Go to: <http://www.inova.org/for-physicians/centralized-credentialing/documents>
2. Scroll down to bottom of the page to documents listed under "For All Locations"
3. Select "Quality and Patient Safety Overview"
4. Review slideshow via Adobe PDF file
5. Please sign attestation below

I certify that I have or will have met the annual requirement to view the Medical Education Training: Quality and Patient Safety Overview.
