## Prescription drugs

Prescription drug coverage is included in the premiums you pay for medical coverage. The copays or coinsurance (collectively referred to as “cost sharing”) in the chart below show how much you’ll pay for a prescription. Cost sharing counts toward your out-of-pocket maximum but not your deductible.

New in 2024, Inova team members on Inova-provided insurance will be transitioning to a new pharmacy benefit manager, Capital Rx. For additional questions, please contact Capital Rx’s dedicated customer care team at **1.844.306.7605** or your Inova Pharmacy Plus team at **571.472.1399**.

### Up to a 30-day supply from retail pharmacy

	Inova Pharmacy Plus	Retail pharmacy
Generic	\$5	\$10
Preferred brand <sup>1</sup>	20% (\$20 minimum, \$50 maximum)	20% (\$25 minimum, \$80 maximum)
Nonpreferred brand	30% (\$55 minimum, \$100 maximum)	35% (\$75 minimum, \$120 maximum)

**!** If you are enrolled in the health savings account (HSA) high deductible health plan (HDHP), you will pay the full price for all prescriptions until you meet your medical plan deductible. Once you’ve met your deductible, you will be charged the copays shown. Note that the deductible will be waived for drugs on the preventive therapy list.

Participants in the preferred provider organization (PPO) plan do not have to meet their deductible before copays apply for prescription coverage. Prescription copays do not apply toward the deductible for the PPO plan.

<sup>2</sup> Specialty medications (typically injectable and oral drugs) must be filled through Inova Pharmacy Plus locations and are dispensed in 30-day quantities via mail order. First fills are not available through retail, except in emergencies. For more information, contact Inova Pharmacy Plus directly.

#### Maintenance medications

You are required to receive a 90-day supply of a maintenance medication after your second fill of a 30-day supply. You can fill these prescriptions through Inova Pharmacy Plus, participating retail pharmacies or Optum Home Delivery.

#### Specialty medications

Specialty medications are high-cost prescription drugs used to treat complex, chronic conditions such as rheumatoid arthritis, multiple sclerosis and cancer. Specialty drugs must be filled through Inova Pharmacy Plus for team members who reside in Virginia, Maryland, or Washington, DC and through Optum Specialty for those outside the area. Due to manufacturer restrictions, some limited-distribution specialty medications will be filled at another specialty pharmacy. For more information, please contact the Capital Rx customer care team.
